HOUSE TO VOTE ON VETOED BONUS SATURDAY

Harry Sinclair Gets Italian Oil Field Concessions

Victory Seen For Measure Over Veto In House

WASHINGTON, May 16.—The House votes on the bonus veto tomorrow, and the Senate early next week. Advocates of the bill believe there will be a House margin of 60 votes in favor of the bill. The Senate decision rests with a few unpredictable.

HARRY P. JORDON SAYS ENFORCE ALL LAWS OF THE LAND

Harry P. Jordan, candidate for State Senator, is strong for the enforcement of the laws of the land. Spending the day in Mexia on business as well as campaigning when seen by a News reporter said: "I am unequivocally for the strict enforcement of all the laws of the land, city, State and Nation. Our government is one of laws. We have no kings, prince or potentate whose will and whim is the law. Our Constitution, the grandest document ever penned by human hands is the primary law of our common country and it provides that the people make, abide and respect all laws for the

Red War Menace Seen In Germany

BERLIN, May 16.—Red war was threatened in occupied and unoccupied Germany today. Communists increased their demands for seizure by workers of all the mines in the Ruhr. At the same time, their leaders promised "bloody interference" in a forthcoming Paris conference. In a forthcoming Paris conference, Communists announced a new campaign to prevent miners from acquiescing in French demands for operation of a group of pits under the Mikum agreement between French and German industrialists. Strike negotiations in the Ruhr may be closed today with an arbitration award.

HUGHES LISTED WITH LEADING OPERATORS IN LULING FIELD

Ross & Green, Inc., announce that the firm is to send down a deep test in Guadalupe county near the town of Prairie Lea. The derrick is already up and is about midway between the Del Cumbre Flashes No. 1 and the Corman's Forcey well. In spite of the recent drop in crude from \$1.00 to 75c in the Luling field, the race for flash production in Guadalupe county is still under way. The J. K. Hughes Developing Company is one of the leading operators in that section of the Balcones-Mexia fault. The developing company now has three producers in and a fourth will likely be added before the week ends. The acreage owned by the Mexia company is said to be among the most valuable pieces of oil bearing property in the field. The United North and South Oil Company's A. J. McKean No. 5 has just been completed and is good for 2,000 barrels a day on estimate. Though no gauge figures yet have been given out and the exact production can not be determined. The Grayburg Oil Company is drilling seven wells at once on its twenty-acre Allen lease, with one

STOLLENWERCK IS RECIPIENT OF WATCH FROM DIRECTORS

In token of their appreciation of the services of Ben Stollenwerck, for the past two years secretary of the Mexia Chamber of Commerce, and as a testimonial of their esteem for the sterling virtues of citizenship and friendship of the man, the Mexia Chamber of Commerce Board of Directors and friends today presented him with a handsome 26 jewel Howard watch. Upon his resignation from the duties with the commercial organization his friends here started out to get up the fund for the purchase of the gift. The necessary sum was received before all had been seen and many regret that they were not seen before the gift was made so that they might have been numbered with the donors. The beautiful fine timepiece bears hand engraving stating that it is "To Ben Stollenwerck from the Board of Directors of the Mexia Chamber of Commerce and friends, May, 1924."

PIGGLY WIGGLY ALL OVER THE WORLD OPENS MEXIA STORE SATURDAY MORNING

Piggly Wiggly All Over the World, Mexia Store No. 1 and serial No. 1488, will open its doors to the trade Saturday morning of this week. Fred A. Guy and B. M. Harrison are the proprietors of the establishment which is to be operated as a part of the Piggly Wiggly organization, under the administrative jurisdiction of the Piggly Wiggly Corporation of Memphis, Tenn. Mr. Guy will be manager of the concern and will be assisted by S. W. O. Bryant of Dallas who has had five years experience in Piggly Wiggly stores. Mr. Guy was for the past 11 years a traveling salesman, representing the Wapples Platter Grocery Company out

Scientists Are Amazed At Test of Sound Zones

PARIS, May 16.—Amazing results were achieved today in a scientific experiment in which ten tons of melinite were exploded on a plateau near Limoges in the Department of the Haute Vienne. The experiment was to test zones of sound and silence and the effect of the explosive on wind. The blast was not heard at Tulle, forty miles away, but was plainly heard at Bordeaux, as well as at Wallisall and Birmingham, England, 500 miles away. Listeners on the Eiffel tower strained their ears in vain. Although the explosion, perhaps the most tremendous ever attempted, tore a crater 20 feet deep and 65 feet in diameter, atmosphere conditions apparently were slight for animals placed nearby were uninjured, with the exception of one guinea pig killed by a pebble.

Remus Relates How Smith and He Got Liquors

WASHINGTON, May 16.—George Remus, millionaire bootlegger of Cincinnati, now serving sentence in the Atlanta penitentiary, told the Senate investigating committee that he paid Jesse Smith \$250,000 for liquor permits and protection from prosecution. Remus also testified that he had an agreement with Smith whereby each was to get \$1.50 to \$2.50 per case on all liquor released.

MAYFIELD CASE RESTS

The Senate investigation of the election of Mayfield of Texas adjourned after a brief session today until Tuesday. Opposing counsel asked for additional time to examine the financial records of the Klan, brought here from Atlanta.

Stone To Carry Ruling to High Courts of U. S.

WASHINGTON, May 16.—Attorney General Stone will carry to the United States Supreme Court the ruling by Federal Judges Carpenter and Wilkerson at Chicago, refusing to recognize the pardon granted Philip Grossman by President Coolidge was said at the Department of Justice today.

of Vernon. Mr. Harrison is Superintendent of the public schools at Childress, Texas. The serial number indicates that the Mexia store is the 1488th. Piggly Wiggly to open, justifying the slogan of the concern, "All Over the World."

"Piggly Wiggly All Over the World" is the sign painted on the front windows in yellow, blue and brown, universal colors of Piggly Wiggly establishments. The store is located 215 East Commerce street. A big crowd is expected to visit and inspect the store within the next few days, beginning Saturday, as the institution is unique in that all Piggly Wiggly stores are arranged identically wherever found. Any product, if offered for sale, is found in the same place in the same shelf, in the same tier of shelves, in the same part of the store all over the world. A person who has patronized other Piggly Wiggly stores knows just where to find what she wants when she steps into the store here.

The proprietors have spent about \$2,000 locally for carpenter work, painting, plumbing, lighting and installing the handsome set of fixtures. It is said that the store here is the finest Piggly Wiggly store in the United States, the very best of fixtures and conveniences being installed to add to the appearance, sanitation and service of the public.

PRESBYTERIANS FACE AN OLD SUBJECT

AUSTIN, May 16.—Resolutions declaring in favor of fundamentalism as opposed to modernism were presented to the General Assembly of the Cumberland Presbyterian church here today. The report of a special committee on the same subject is to be presented later. It is generally expected that the Assembly will endorse fundamentalism pure and simple.

Mr. and Mrs. Warren J. Dale, formerly of this city and now of Dallas, are in the city for a short visit. Mr. Dale is now on professional business.

CHIEF FIGURES IN NEWS SPOTLIGHT.

Above: CARDINAL MERCIER & RAYMOND POINCARÉ Below: CAPT. J. J. SEE & VICTOR BERGER

The French election for the Chamber of Deputies was a great victory for the French Democrats, of Left Wing, the Bloc National, which dictated France's aggressive policy, being beaten. Premier Raymond Poincaré, it is believed, must change his policies or suffer defeat in the new Chamber. Congressman Victor Berger, Socialist, of Wisconsin, is urging President Coolidge to call a new conference to revise the Versailles Treaty to conform to Woodrow Wilson's "fourteen points." The belief that radio waves move as fast as light and electricity is disputed by Captain T. J. J. See, professor of mathematics in the U. S. Navy and government astronomer at Mare Island Navy Yard, California, who declares radio is held back by the earth's attraction, moving 165,000 miles a second to 135,000 miles for light and electricity. All Belgium is celebrating the fiftieth anniversary of the entrance of Cardinal Mercier, Primate of Belgium, into the priesthood. The Cardinal is the national hero of the Belgians.

Hydrophobia Claims Life Of Eleven Year Old Lad

Edward Faulk, 11-year-old son of Mrs. Faulk of Tehuacana, died at his home Friday morning of what is reported to have been hydrophobia. Funeral services will be arranged at the home. The deceased was taken sick several days ago and the malady was pronounced fatal. It was not known at the time that he had been bitten by the dog which ran mad in the town about a month ago as he said nothing of the matter to his mother. Owing to the peculiar nature of the disease in the last stages physicians reported that the malady was not meningitis but something else. It was finally learned that the boy had been bitten by the mad dog and had said nothing about it until a short while before death occurred.

Class of Mrs. Akin To Give Recital

At the Methodist church this evening at 8:15 o'clock the talented little pupils of Mrs. Roy Akin will be presented in a piano recital. The program will consume only about one hour and will be thoroughly enjoyed, according to those who have watched the progress of the children in music. The program will be varied, consisting of many delightful numbers, including contributions by the glee club. Among those who are to have a prominent part in the program are: The Glee Club, Francis Brodnax, Mary Martha Strange, Dorothy Cogdell, Mary Edith Forrest, Francis Hughes, Helen Fielder, Sumpter Street Orchestra, Alice Robinson, Ruth Owens, Margaret Walton, Harlan McDaniel, Dorothy Marie McElroy, Clara Frank Denning, Ray McCraw, Olive Margaret Snider, Lucretia and Clara Denning, Mary Ruth Reeves, Franklin Vanneman, Eloise Robinson, Josephine Wofford, Tina De Long, Leilan Marlan Wagner, Muraline Vestal, Geraldine Vestal, Eugene Womack, Muraline Vestal, and a duet will be presented by Mrs. Roy Akin and Mrs. Easterling.

To catch drippings from a tea pot a circular trough held in place by a rubber ring has been invented.

DIRECTORS FAVOR SUPPORT GIVEN WESTMINSTER

Rev. O. W. Milburn, Financial Agent of Westminster College, met with the board of directors of the Mexia Chamber of Commerce Friday morning. The purpose of his visit was to inform the directors of the campaign now launched by friends of the institution at Tehuacana, seven miles northwest of Mexia, to raise \$100,000 in five annual payments for the improvement of the properties of the college and for the purpose of increasing the growth of the institution. He asked that Mexia invest \$10,000, amounting to \$2,000 per year, in the campaign. In this the directors spoke with much enthusiasm of the college under its present splendid management, commended the college for its fine student body and urged that the citizens here contribute generously to the local educational enterprise by giving the \$2,000 annually and more if possible to the worthy cause.

THE WEATHER

East and West Texas—Tonight fair and warmer; Saturday fair.

Cabinet Gives Its Consent Approving Leases

ROME, May 16.—Harry F. Sinclair has been granted a concession to work Italy's oil fields and the Cabinet Council has approved the leases, an official communique announced today. The concession is effective as of May 1. Despite a storm of protest against Italy's oil reserves being leased to Sinclair, the Government maintained that its action was justified. Provisions, however, are made for "national initiative", which at present is somewhat hampered by lack of capital.

OIL FIELD WORKER KILLED NEAR ALBANY

ALBANY, Texas, May 16.—Harve Overby, oil field worker, was instantly killed when a gas trap near which he was working exploded near here.

Richland Area Most Active Of All Oil Field Centers of Mexia Fault

The Godley No. 3 on the Webb tract in the Richland field just north of Mexia and south of Powell on the Mexia-Balcones fault is making 500 barrels of pure pipe line oil at a depth of 2970, elevation at 361. This well is flowing by heads, this well has six feet to go to be as deep as the Godley No. 1 which is an offset to the east, both of these wells are two feet in the pay sand.

The Sun Oil Company Brown No. 1, three quarters of a mile southwest of the Godley found the pay sand at the same depth as the Godley No. 1, and is pumping 320 barrels per day. Active drilling is now going on between this production, the Sun drilling two wells on the Brown the Boyd Oil Company drilling two wells on the Webb, Cranfield and Penn drilling two wells on the Webb, the Simms are drilling their No. 1 Allison and the Godley Oil Company are rigging up on their Webb No. 3. W. J. Collins and others are drilling on the west end of the Patterson lake at 2700 and Eslick Company is drilling just north of the Patterson lake at a depth of 2650. The Graves three quarters of a mile northeast of Patterson lake which is about one mile northeast of production is setting casing. The Boyd Oil Company on the Allison offsetting the Graves on the west is understood to have set casings. Both of these wells are reported to have cored and found a very promising sand. The McDonald Brown discovery well is pumping around 200 barrels of oil daily. Quite a few wells are being

POWELL. The Powell field is producing 105,000 barrels per day, a very few new wells have been started in this past week. The E. L. Smith Oil Company Cerf No. 5 is starting. This well is an offset to the E. L. Smith No. 1 on the north. Harry Parker drilled down on Cerf No. 1 which was a dry hole at the regular producing depth and now testing a rich looking sand at 3220. This well is an offset to the E. L. Smith Oil Company Cerf on the Southwest and to the Tidal Oil Company Cerf on the northwest.

WILDCATS. The E. L. Smith Oil Company Pippin No. 1 in Hopkins county has a fishing job at 2667. G. J. Smith Oil Company (Skelley) McGowan No. 1 drilling at 3185 in sandy shale. Dreeben and Lasky Patterson No. 1, (Horman) cored water sand on Thursday 16th at 3142 drilling today at 3145. Maryland Oil Company Coppedge No. 1 is drilling at 2870. In Rains county Yost et al. Barnes No. 1 3450 is dry and abandoned, in red shale. The Marland Oil Company King No. 1 at 3010 is drilling in breaks. Van Zandt County, Marland Oil Company Ella Greer No. 1. Derrick timbers. Brookins and Jenkins, Hughes No. 1 is drilling in the chalk at 2650. Mills Bennett, Jones No. 1 is in the chalk at 2798.

FRIDAY CORSICANA DAY AT MEXIA SHRINE CIRCUS

Practically all Mexia witnessed over the circus and made them glad real sight yesterday evening when they came. Karem Temple band and uniformed A big time under the circus tent was patrol rounded the corner on Kom-reported this morning; funny clowns, merce, headed by Karems' ownrubs and many pranks and antics too Potentate Burchett, Chief Rabbannumerous to mention. Gaylord, and Recorder Bill Quebe, President E. L. Crow of the Shrine who need no introduction to Shrinersclub now calls attention to the fact of this section and their name is known that tonight is Corsicana night and a live bunch will infest the secrets from Karem's real band directed by Corsicana and say they will stop at Noble McCracken, followed by gaynothing to gain their point. Those uniformed strutting patrol, was indeed boys are still greasy with oil and have a treat or joyed by every one, as evi-the Mexia spirit and if they do what denced by the crowded streets, both they say, they will make somebody with autos and pedestrians. laugh. Some sort of surprise will be Teague Shriners and their friends sprang on the crowd tonight under swarmed the town with the crowds, the tent and we are informed that because Teague believes in Karem; Corsicana is probably the one that will Wortham, Groesbeck and other townsprings it. The Mexia Shrine club report a were well represented and even Corsi- cana sent an advance guard to tell thesplendid patronage last night and ask world that Corsicana was comingthe public to watch them grow with strong. Today is Corsicana day. Mexia. After the Karem bunch treated they are working on a program, that city on the outside, they led them into the show Mexia that they are behind the big circus tent on McKinney streetthe city to help it grow.

"For Mexia, I WILL"

LET'S HAVE A TRADE TOUR

Why not a trade tour for Mexia business institutions? This is a question thoroughly timely at present. It should be answered by action, by getting up some morning bright and early and starting out on a good will and business building mission which should carry the Mexia party to every community within the radius of Mexia's expanding trade territory.

Mexia has apparently forgotten the value and the necessity of such tours in the past few years, as no party of business men from here has visited surrounding communities in a body since the great oil field boom.

Mexia should wake up to the opportunity which such a trade trip affords. Other towns and cities have demonstrated their value. Other places, large and small, all over the country, engage in these commercial and fraternal visits every year. What others have found necessary and valuable, Mexia business men, without doubt, also will find most desirable.

This is the season to make the trip. Now is the time to go. Other places are active, coming right into this section to attract to their centers whatever trade they can from this part of the state.

Waco will be here next week. Glen Rose, a town less than 2,000 people, and twelve miles from a rail road, this week engaged in a tour which carried the party to Dallas and other populous centers, where they advertised the health advantages their community affords. Amarillo, in the Panhandle, with over one hundred members of a business man's party, chartered a train a few days ago and are now on a trip which has carried them hundreds of miles from home.

Most every town in West Texas engages in extensive trade trips annually. And no doubt but that that spirit is doing so many wonders for the West.

The Mexia Manufacturers and Jobbers could do no better thing at this time than to get back of this idea and see that a well defined program is carried out over a comprehensive itinerary covering the trade territory of this city and what ought to be the trade territory.

The secret of a happy people is in thrift. Keep them engaged, doing something worth while and getting results and they will find little room in their hearts for pessimism and doubt about what the world is coming to in a business way.

CENTENNIAL IDEA OFFERS BIG OPPORTUNITY!

J. K. Hughes of Mexia will represent this section next Wednesday at Austin when seventy one of the citizens of Texas will sit around the council table in the capitol city to further consider activities looking toward the celebration of one hundred years of American control, and development of the Lone Star State.

Mr. Hughes, a native Texan, has reports from Chairman Cato Sells in which it is declared that considerable momentum is back of the idea and there is no doubt now but that this state will hold an exposition equally as great, if not greater, than that celebrating and commemorating the Louisiana Purchase.

The Centennial idea and to spirit fostering it, and the exhibition itself should do for the whole state a service similar to that achieved for West Texas by the West Texas Chamber of Commerce. It should weld every section more closely together, advertise the state to the world, and create that highest type of sentiment, push and power, that should characterize citizens of the most favored spot on earth. The West Texas C. of C. has wrought wonders within its lifetime. The Centennial organization should do far more, one of the big by-products of the institution being the inculcation of the spirit of comradeship throughout Texas and throughout the Union.

Simple Life and Outdoor Joys Await Guests Who Vacation On Canada's Western Ranches

COMBINATION COOK AND GUIDE, WAITING FOR THE POT TO BOIL

Alberta offers fine opportunities for summer vacations on real ranches, the sort of vacations that appeal to many men and women who spend most of the year in the hurly-burly of city life. One of the best known of these retreats is that called the "Stampede" or "TS" Ranch, operated by Guy Wendick and his wife, Flores LaDue, both familiar to vaudeville audiences in Canada and the United States, as trick riders. The ranch is located along the High River in Eden Valley, 35 miles west of High River station and is in the same district as "EP" Ranch, owned by the Prince of Wales. It is situated at an altitude of 4,000 feet with peaks of from 6,000 to 10,000 feet in height within a few miles. One may sleep in the ranch house or a log cabin. Plenty of saddle horses are on hand for trail riding among the foothills and up into the mountains. In season there is excellent shooting for birds and game; while the trout fishing is fine. A riot of varied wild flowers carpets the land and beautiful mountain scenery surrounds this popular ranch. Kananaskis Dude Ranch in the foothills of the Canadian Rockies, is located near Morley Indian Reservation between Calgary and Banff. The ranch buildings command a beautiful view of Bow River, they include ranch house and cabins and are only a quarter of a mile from the station. Mrs. "Bill" Brewster is the hostess of this delightful place and her sole aim is to see that guests have a good time. Cleanliness and comfort are conspicuous features of this ranch, while the table is excellent. Many trail trips can be enjoyed from here; two five-day trips are those to Mt. Assiniboine and to Devil's Head, the latter permits visits to Mt. Aylmer, Lake Minnewanka and Devil's Gap. Sooma Lodge in the Trail and Kananaskis Lakes region is reached from Calgary by motor, a distance of 33 miles to the southwest. Although not so well known as "TS" Ranch, its satisfied patrons are heralding its praise abroad and it is only a question of a short time before its hospitality will be known to the limit. It is run by M. E. Amoss and his two sisters, one of whom is a teacher and the other, a trained nurse; all three vie with each other in ministering to the comfort and pleasure of their guests. Here, too, fishing may be enjoyed for there are five lakes within a two-mile radius, and one just a mile from the ranch house. Saddle horses, pack ponies and guides are on hand for trail trips, the guides know the country well and are expert at making rough beds. A golf course has been laid out. Food and service are exceptional.

Don't put the old feather bed under the mattress or in the closet. It will ruin at either place. Let me make a mattress of it and sleep on the best bed there is. Radley's Mattress. Phone 3016P11.

Local News

Little Miss Connie Marthel Mathews of Muskogee, Okla., is in the city visiting the family of her uncle, Willie Beck on McKinney street, and she paid this office a friendly visit Friday.

Robert S. Cope, of Corsicana, was a visitor to the city Thursday.

Mr. and Mrs. E. A. McKenzie were here Thursday from Corsicana.

T. S. Knox of Abilene was in the city Wednesday.

C. C. Davis of Corsicana was among the visitors to the city Wednesday.

W. H. Patrick was here Wednesday from Waco.

and moved 2,620,318 cars of revenue-producing freight. This was a bit less than in the corresponding weeks of last year, but away ahead of 1922 and 1921. From the first of the year to April 20, the roads moved 142 cars of freight for every 141 a year ago in the corresponding period, and 120 in 1922 and 111 in 1921.

This is the long-range tendency, not only in rail traffic but in general business. That's what really counts—the long-range activity, not temporary lulls.

THE EDITORIAL OF THE DAY

TRADE OUTLOOK IS BRIGHT.

Waco News-Tribune

How about business conditions? Things have slowed down a bit lately in several of the basic industries. But there's nothing in the situation to make us uneasy. All indications are that the slow-down is temporary.

Business is a lot like a man hiking across the continent. He can walk fast just so long, then he has to stop and rest. That's the real business situation—production was on too big a scale, so now there's a lull to "size things up."

These lulls come periodically even during long-range periods of prosperity. Trade goes up and down. It always has, and it always will.

Tule steel. This giant industry is operating at about 80 per cent of capacity, maybe 85. But in recent months production was smashing all records. Now the industry slows down to catch its breath.

Then, too, buyers are buying hand-to-mouth, holding back for lower prices. Makers are slowly making concessions—small price cuts to serve as bait. This also is a periodical and

inevitable reaction. When prices stabilize, lots of orders.

Auto industry also is quieter. Buying movements by the public comes in waves. The last big wave, during January and February and March, made the factories turn out more cars than ever before. A lull now, but only temporary. Place your bets on another big buying movement, to start soon.

A lot of the lessened activity in business generally is seasonal—all ways comes at this time of year. That's one reason why coal production is so low. Spring always brings a dull spell. Furthermore, there's a tremendous over-production of coal—and no national strikes in sight to create a shortage.

But business leaders are expecting good times. They're getting ready for it—providing the capital to carry on work. In April 298 million dollars worth of new stocks and bonds were floated, compared with 305 millions in April last year.

In the first three weeks of April (latest figures available) the railroads of the whole country loaded

ization should do far more, one of the big by-products of the institution being the inculcation of the spirit of comradeship throughout Texas and throughout the Union.

SHOPPING AT PIGGLY WIGGLY STORES

Shopping in Piggly Wiggly fashion is a charming sort of adventure.

You go in by way of a turnstile and follow the obvious and open way that winds back and forth through spotless aisles and between spotless shelves on which are rows and rows of canned meats, fruits and vegetables of every kind and brand. Here are pickles, preserves, jams, jellies, fresh vegetables and fruits, soap and cleansing powders, each after its kind, crackers, cakes and breads, mammoth pantry you might call it, with anything and everything that a housekeeper most needs, all open for your selection, ready and waiting to be gathered by you as you pass.

When you have made your selections you pass to a counter where the contents of your basket are placed in a bag, the prices tabulated, and after paying for them you pass out through another stile, having done your shopping with all possible ease, and replenished your pantry with the best of foodstuffs, each article purchased at a very appreciable saving to you.

PIGGLY WIGGLY

ONE KIND OF STORE FOR EVERY KIND OF PEOPLE

The Piggly Wiggly Stores all over the world have been a pronounced success on every hand. The housewives of America have shown thru their continued and consistent patronage their unqualified approval of the Piggly Wiggly System.

Its appeal has been instant and lasting. From all ranks and classes come this support—the mass—the democratic approval for a system of selling that is founded on Thrift, Equality and Service.

The little red wagon and the big limousine go hand in hand at PIGGLY WIGGLY, and here purchase standard nationally advertised foods at lower prices.

With such splendid support it is no wonder that Piggly Wiggly continues to grow, and so it is that Saturday we open a new store at 215 Commerce Street.

Piggly Wiggly stores are stores for everybody, they are one kind for every kind of people. Visit a Piggly Wiggly and see for yourself that we are continually growing.

HARRY P. ORDAN SAYS ENFORCE ALL LAWS OF THE LAND

(Continued from Page One)

government of State and Nation. You the people, make all your laws through your duly appointed representatives and have provided that their term of making your laws shall be limited so that others may have a hand in the making, a very wise provision, that the laws shall be the product of all the wisdom, skill and ability of all the people rather than the single ideas and ideas of an individual no matter how great his wisdom might be. And while I am a great believer in progress, if it is that progress making for a higher, broader and better citizenship, just as I am a firm believer in the Christian religion and the church, for if you are a good conscientious churchman, you naturally will be a better Christian, so if you conscientiously keep inviolate the laws of your country and obey them strictly, you naturally become a better citizen. Respecting the law, I believe is the first step toward individual liberty. We should accord to every one the honesty of his convictions, the same right that we expect from him, and the keeping of the law is doing just this. If the certain rule of conduct pinches some, we should be good sports by abiding by it until it can be so remedied that it will neither pinch us or our neighbor, for if a rule hurts our neighbor to our glory, it is not a good rule. It must be equitable and just for all and if we go about remedying it in the proper and reasonable way, considering his rights as well as ours we arrive at the proper measure and the rule that follows is good for all. That is the only law that should be made and perpetuated, one that renders the greatest good to the greatest number of the people. That is Democracy and Progressive Democracy. We can't sit still. A rule that might have been good yesterday, might not be the best for today and injurious for tomorrow. Stagnation is worse than retrogression, for retrogression is action, while stagnation is death. Progressive action is best, progressing along better, broader, brighter lines for contentment, prosperity and pursuit of happiness, for after all that is life. Let us obey and keep the laws of our land, and let us lend a helping hand to their enforcement and teach our erring neighbor by example that it is better and more satisfying to self, family, friends and country to keep and honor its laws. Then let us enforce them at all hazards. When asked about the all important question of taxation, Major Jordan said: "Taxes is to the State what the heart and blood and bone and sinews are to the body. No matter how perfect and good the plan of government may be it all depends upon the TAXES for life and happiness. Taxes was uppermost even at the beginning of Christianity, for did not Mary and Joseph journey to Bethlehem to be taxed by Caesar when Christ was born. No one objects to paying taxes, but it is the burden of taxation that cause all the trouble, sorrow and sufferings. Therefore every government should exact only that much taxes that will righteously maintain its administration, efficiently, without stint, but nevertheless without waste. I believe it is just as wrong to extravagantly and recklessly waste the peoples' money that is drawn from them by taxation as it is to take the money

out of their pockets by theft, only it requires more courage and hazard to do the latter. Why should your representative to whom you have given the trust of spending your money spend it any other way than he would if it was his own individual sacred dollar. He should have the courage, the honesty of investigation, the wisdom of fair and just deliberation and consideration before he votes to spend the peoples' money. To do otherwise he is recreant to that sacred trust.

"When the question of schools was mentioned, Major Jordan remarked: 'That the public schools, and when I say public schools, I mean the country district and the city ward free schools, and not the universities and colleges, they are the schools of first impressions and impulses are made and formed, the embryonic citizen is crystallized there and they all take from those schools the ideals, ideas and teachings of the teachers whatever they may be and those early impressions and ideas take root and remain with the pupil always and those early teachings have a great deal to do with the after life and living of that person. The public free school of the country district and city ward is the most Democratic institution in our land, for there the poor boy has the same status as the rich man's son, the wood-chopper's lad, the same advantage,

ages, rights and privileges as every other pupil there. Therefore, my good friends, we should see to it, that our children, yours and mine, should have that kind of perfect training that our child shall grow up and become one of the best citizens of the State and Nation. Do we take as much interest in our public schools as we should, as we do in our business. I dare say we do not, and there is creeping into our public schools a slight element of un-Americanism, and un-Christianity. Why is this. I will tell you. We individuals do not take individual interest in the public schools that we should; we don't individually mix and mingle with the teachers and pupils enough; we don't make the comradeship with them that we should. We should live so close to the teachers and pupils of our public free schools that we know their every eccentricity, their character, their mode and manner of living, in their dispositions, sentiments, likes and dislikes, religion and politics, in fact we should know them as we know ourselves, and if they are not teaching our children as they should be taught, to grow up and become real enthusiastic loyal American Christian citizens, then we should see to it that such teacher is at once removed, for believe me, this control of the public schools is indeed in your sacred keeping. I believe that the 'Star Spangled

MEXIA B. P. O. E. HUGHES IS LISTED LODGE HAS A BIRTHDAY

(Continued from Page One)

new lodge and making them Elks in good standing.

The first class initiated into the lodge numbered in the neighborhood of 200 members. Since then over 700 members have passed into the membership of the lodge making it the fastest growing organization of its kind in the United States. During the first year of the existence of the local lodge the clubrooms were rented. Today a magnificent new two story home houses the club and furnishes luxurious rest and recreation rooms as well as a fine hall where the ceremonies connected with the operation of the lodge and the club dances may be held. This building is now free of debt and completely furnished for any fraternity and social event which the club may see fit to participate in.

Frank C. Bolton, present Exalted Ruler of the lodge, was one of the most influential in its organization. His co-worker, Charles L. Clover, present secretary of the club was also very influential, because of his wide knowledge of the work of the club gained from experience with the Elks in other cities. To these two men, perhaps, more than any other goes the credit for making the club what it is today. They have been untiring in their efforts for the advancement of the organization until it now has the largest membership of any single fraternity, possibly, in this section.

Do You Cough?

San Antonio, Texas.—"We have used Dr. Pierce's Golden Medical Discovery in our family for coughs and bronchial trouble and it gave entire satisfaction. I am a practical nurse and have found the 'Golden Medical Discovery' to be of great benefit to those recovering from sickness which had left them in a weakened condition. It enriches the blood, improves the appetite and aids digestion. I can conscientiously recommend this medicine."—Mrs. C. E. Smith, 230 E. Dittmar Ave.

Go at once to your neighborhood store and get the "Golden Medical Discovery" in tablets or liquid.

producer there already and well No. 2 ready to drill in about Thursday of this week. All of the other companies operating on the Allen have wells about ready to bring in.

A wide-flung wildcat campaign is already getting under way, with the United North and South people now down about 800 feet on their William Halm No. 1, which is across the Southern Pacific Railroad tracks from the production area, but considered well in line by oil men. It is being closely watched, as its completion for a well would mean an extension of more than two miles to the field. Heep & Patten also have started work on their Sophia Hensel No. 1, which is in the same line, but about six miles away, being due east of Seguin on the Gonzales road. On the banks of the San Marcos River about a mile west of the field Barnes & Hagin, local derrick builders are erecting a derrick for Ross & Green's W. W. Fryor No. 1, which will be spudded in at once. Other wildcat deals are pending and it is thought that the entire field will be encircled by new tests on both sides of the river.

ROTARY NAMES COMMITTEES FOR WORK OF YEAR

At the luncheon of the Mexia Rotary club, Hardy Eubanks, president, announced the following committees, men selected by the Board of Directors at a meeting held Wednesday at noon:

Membership and Classification.
F. P. Huchingson, chairman; he to appoint other members of his committee.

Program Committee.
J. W. Elliott, chairman, George H. Bell and J. C. McIntosh.

Public Affairs.
David Murphy, chairman, Carl Davis and W. B. Kendrick.

Rotary Education:
Joe Putman, Ike Keys and Albert Berry.

Boys' Work.
Paul Harper, chairman, Nelson Forrest and C. A. Puckett.

Publicity.
Garland Adair, chairman, Joe Jeffers and Perler McKenzie.

Fellowship.
Pat Patterson, chairman, Bob Crow, Val Horn, Buck Tidwell and Allen Hatch.

Song and Music.
Joe Jeffers, chairman, Elmer Boone, Paul Harper and George H. Bell.

The program Thursday was conducted by Dr. Jim Watson, who was ably assisted by Mrs. Watson and charming little daughter, Eolene. The latter little lady gave a number of readings, songs and aesthetic dances, all of which were immensely enjoyed. Mrs. Watson gave two selections on her violin, responding to encores that followed her initial contribution. Miss Beth Ellington accompanied them on the piano.

Dr. Watson then gave a classification talk on "Rabies" commonly called "Rabies." This talk was accepted with much enthusiasm, the importance of the subject being clearly outlined by the speaker. President Eubanks spoke at the conclusion of the program, urging that club members talk more about the things they know, giving classification talks which would prove helpful to the club members and thoroughly in accord with the Rotary spirit.

Amarillo Making Ready for Texas Newspaper Men

HOME DRESSMAKING

(Copyright 1934 by Pen-Art Service, Inc.)

Putting the Costume Slip to the Work

Designed for Wear Under This Fabric

It frequently happens this season that the slip worn under the dress is more elaborate than the dress itself, and here is the way to make the costume slip measure up to a very high style.

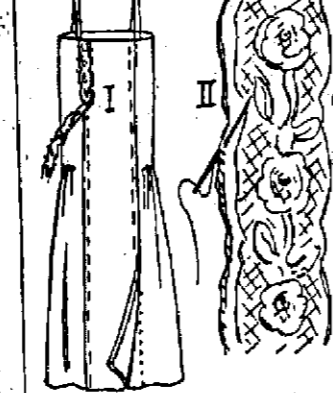

Here is an example of what Paris can do with a plain costume slip, without which no wardrobe is complete this season. The foundation

is a perfectly straight slip, with gathered skirt and square-cut camisole.

After the slip is finished, as shown in Fig. 1, a straight piece of embroidered batiste or lace may be attached down the front, then the edges outlined with lace. If preferred, the straight strip down the front may be ornamented with a simple design of hand embroidery.

The lace which outlines the strip is whipped onto the background with fine stitches (Fig. 11), the needle being put into each mesh of the lace. The slip is supported by shoulder straps of ribbon and ribbon is run through the lace that trims the upper edge of the camisole so that it may be drawn together as closely as possible. Sometimes two-tone satin ribbon is used for the purpose, introducing a dainty color scheme.

A slip like this worn under a dress of sheer voile, organdie, georgette,

Trimming Stitched Down Front of Slip and Edges Covered With Appliqued Lace.

crepe or chiffon supplies quite as much trimming as fashion requires and is less expensive than would be the trimming on the dress itself, for a cheaper quality of lace could be used on the slip than would appear to advantage on the material of the dress.

For men's belts an elastic buckle that stretches under strain has been invented.

An Englishman has made a glue for china from common snails.

Richland Area Looks Up After Godley Producer

The Godley Oil Company's No. 2 Allison in the New Richland field, Northeast of Mexia 20 miles, is now producing better than 400 barrels daily, according to reports made by oil men of this city. The well is declared to be the biggest yet drilled within that pool. Its completion so successfully and with a high grade of oil has greatly stimulated activity in that section and quite a number of new tests are expected to be started down immediately. Many operators have held up a development program, pending the outcome of this test. Providing satisfactory, more attention has been directed to that locality within the last few days than to any other part of the Mexia Balcones fault area.

The J. K. Hughes Developing Company owns acreage near the test as also does the E. L. Smith Oil Company.

With the first test at Bazette, by the Boyd Oil Company, proving to be

July 4 Will Be Big Day Galveston

GALVESTON, May 16.—A brilliant sky carnival with such features as bombing, machine gunnery, sky writing, smoke screen operations and other maneuvers, is being mapped out by officers of Kelly Field, officials of the Galveston Chamber of Commerce and the Beach Association.

While no definite date for the exhibition has been set, tentative plans are being made to hold it in connection with a celebration on July 4.

Between 25 and 30 planes, piloted by officers from the advanced school of flying at Kelly Field, will take part in the air spectacle being planned.

a dry hole and with the Kaufman county test also not looking so encouraging, interest has been switched back in this direction because of the more favorable promises of the Richland area.

The New Richland field is on a line between the Currie pool and the Powell producing area, and about midway between them. It is served by pipe lines and the storage farms of Navarro and Limestone counties.

ECZEMA!

THIS isn't one of those fake free treatment offers you have seen so many times. We don't offer to give you something for nothing—but we do guarantee that you can try this wonderful treatment, entirely at our risk, and this guarantee is backed by your local druggist.

"HUNT'S GUARANTEED SKIN DISEASE REMEDIES" (Hunt's Salve and Soap) has been sold under absolute money back guarantee for more than thirty years. They are especially compounded for the treatment of Eczema, Itch, Ring Worm, Yetter, and other itching skin diseases.

Thousands of letters testify to their curative properties. M. Timberlin, a reputable dry goods dealer in Durant, Oklahoma, says: "I suffered with Eczema for ten years, and spent \$1,000.00 for doctors' treatments, without result. One box of Hunt's Cure entirely cured me."

• Don't fail to give HUNT'S GUARANTEED SKIN DISEASE REMEDIES (Hunt's Salve and Soap) a try.

Jeffries Hurls Gushers to 8-to-0 Victory Here

By JINK TUCKER
In Waco News-Tribune
Red Hill returned to Waco yesterday from his short visit to Greenville and was sent to the mound by Manager Melver in an endeavor to make it three in a row from the Mexia Gushers, but Red had his fence ball breaking nicely and the locals did not have a chance. The Gushers scored a run in the second inning on a pass to McDowell and a double by Anfield. Then in the third, Waco's fiery-topped hurler could not get the boys from Mexia out. Seven runs were scored in this round on a double, a home run, an error, a walk and three singles. One of the singles came off Ragan, who relieved Hill, scoring two runs, the players being put on by Hill. That, however, ended the scoring for the day for Pat Ragan was inviolable, the final score being Mexia, 8, Waco, 0.

Three of the visitors' runs, however, came when Anfield hit to Lewis with the count two and three and three on. It was an easy chance and would have been an easy out, but the runner in an endeavor to bother Lewis went a bit too far, knocking the glove of the Waco shortstop aside, and should have been ruled out. The three scores which came in on the play, however, would not have changed the result of the game although two more followed in the same round. The post-game offerings of Jeffries were an enigma to the Waco batmen.

Big Day for Jeffries.
It was a splendid pitcher's duel after the third. Jeffries had the locals in the hollow of his hand throughout, allowing only three hits, one of which was a double by Melver. Only on one occasion during the game did the Wacoans reach first. It was a big day for Jeffries. Not only did he wield the calamine brush in splendid fashion but in that wild third he cracked out a double and a single, his single bouncing off left-field boards and scoring two men. Geppert also starred again at short.

Out in center field Bryan accepted eight chances in flawless fashion—a highly consistent player in this star who sufficed a broken leg in the campaign last year. Manager Fowlkes of the visitors who hit two doubles Wednesday lined out a homer in the third with one on. After that third stanza each team obtained two hits, the Waco blows coming in the fifth, but the necessary hit was not forthcoming.

Sportlights

By BAH
So far as the winning of games is concerned the last jaunt of the Gushers has been one of disappointment. This fact has provoked a great deal of adverse criticism from the pessimists with the result that a feeling of depression has settled over the sport-lovers here which they find hard to dispell. It's the bad breaks which makes the sport interesting. The team which wins easily and without seeming effort fails to arouse the enthusiasm that is aroused by one which has to fight like a rip on top and that doesn't do that always. Americans love a fight—an honest to goodness fair, square, sportsmanlike fight. They like to see hard opposition overcome by harder opposition and the fruits of victory tasted at a price. That's what puts the vim in life and it takes plenty of sheer grit and an expenditure of some hearty backing and encouragement when the tight places happen around to do it. It wasn't the sports who set back on their heels picking their teeth with a goose quill while they cursed and criticised that made an America out of a Valley Forge. It was the Washingtons that did it.

The best club is going to win. That's certain. And the best club is one that can depend on some airtight backing and some encouragement when they run up against a streak of bad luck, too. The players don't make the club altogether. A whole lot depends upon the guy who slips his six bits across the barrel head and roots for a couple of hours in the shade of the big grandstand while eighteen fellows sweat in the dust and heat for his amusement. He can make or mar the club just as he chooses. And he is the right sort of sport if he can concede a victory while commending his club for the fight they made, the sort of sport that makes baseball the great American game that it is.

There are several Washingtons in Mexia. Otherwise it wouldn't be the city that it is. The spirit that built Mexia can put the Gushers at the top of the list, too. Any sort of fan can shout and kick up a lot of dust when things go right. But it takes more than a tin horn sport to make a winning club out of a losing one.

The Gushers are home today for a series of three games with the Austin Rangers.

The guy who bets against his home town is betting against his own ideals and his own interests. He ought to

have the backbone to move to a town that he can bet for. He isn't the kind, generally, that makes things go.

"Lefty" Jeffries, young left-hander who has been pursuing his studies lately at Westminster College at Tehuacana twirled a dandy good game for the Mexia Gushers Thursday afternoon against the Waco, Indians, shutting them out and allowing but three hits.

Old Red Hill, the sorrel topped right

MAYFIELD'S COMMITTEE GETS DAY'S REST
WASHINGTON, May 15.—With the investigating committee in recess until tomorrow, opposing attorneys in the contest to unseat Senator Earle B. Mayfield of Texas, met by agreement today to examine the financial records of the Klan, which were submitted to committee. Counsel for George E. B. Peddy, who is contesting Mayfield's seat, charge that the Klan sent thousands of dollars to Texas to aid Mayfield.

hander for the Welvermen was touched for nine saffies which, coup, led with three errors by his team mates gave the Gushers eight counters. The Indians must have had a fit thrown into them by somebody and could not get their eyes on the ball both in the field and at the plate.

The Gushers worked nicely for Jeffries only making one bobble and that was not costly but it pulled down on their fielding average a bit. Anfield, the new first sacker, will get the once over by the local fans today. Anfield, who joined the club Monday at Marlin, is still a little stiff but By Heck says that he looks real good to him. He fields his position nicely, and should hit the ball at a rather good clip. In the first game he hit a two base ply and a triple.

The Mexia Daily News BIBLE COUPON

Two distinct styles of this wonderful Book of Books have been adopted for this great newspaper Bible distribution. One is the far-famed Red Letter Bible (Christ's sayings printed in red for immediate identification), and the Black Print Bible for those who prefer that style.

Only Three Coupons and the Mere Nominal Cost of Manufacturers and Distribution

Style A—Red Letter Bible, over-lapping limp seal grain cover, red edges, round corners, gold lettering, large, clear print, three coupons and only \$1.98
Style B—Black Print Bible, flush limp black seal grain cover, red edges, medium large type, strong seal, durable, three coupons and only 98c

Mail Orders: Send amount for Style A or Style B, with three of these coupons, and include 13 cents additional for postage and packing.

MRS. EDWARD B. McLEAN

This portrait of Mrs. Edward B. McLean, wife of the millionaire Washington, D. C. publisher, has just been completed by Lazio, world-famous artist. Mrs. McLean is shown wearing the famous Hope diamond, whose curse has visited every former owner, but from which she, apparently, is immune. Mrs. McLean was formerly Miss Evelyn Walsh, daughter of the copper king, and is one of the leaders of Washington society.

NIMRODS RETURN AFTER EVENTFUL FISHING TRIPS

Two parties of local fishermen have returned from expeditions that carried them into other parts of the State. Tom Nolan and David Murphy went the latter part of last week to Medina lake, near San Antonio, returning Wednesday. B. B. Simmons, B. W. Harris, Jess McLendon, V. B. Gardner, Jack Womack and A. B. Crider formed the other party. The latter went to points along the Colorado river near Lampasas, going just behind a heavy rain which made travel by auto difficult. Both parties return with the usual wonderful fish stories.

NEWSPAPER ARCHIVE

Presbyterians Help Benevolent Causes

SAN ANTONIO.—The Presbyterian church contributed \$3,038,634 for benevolent causes the past year, according to a committee report to the General Assembly of the Southern Presbyterian Church here. This is an increase of more than \$230,000 over the previous year. Approximately 350 commissioners from 15 states are attending the church convocation.

Protection Asked Against Delinquent Girls

AUSTIN.—Texas spends more money to protect property rights than to protect souls. Dr. Carrie Weaver Smith, superintendent of the State Girls' Training School at Gainesville, told the state board of control. She said that 600 boys were provided for in the State Juvenile Training School, while but 60 girls were being cared for at the state training school for girls. She demanded a legislative appropriation of \$210,000 for additional care of delinquent girls.

Five Mexicans Face Robbery Charge

DALLAS.—Five Mexicans are held in jails here charged with robbing and firing the home of Dr. E. T. Cox. Part of the loot was recovered.

Nightwatchman Killed at Lufkin

LUFKIN.—J. T. Howell, 75, night watchman, was run over and killed by a passenger train in the Houston East and West Texas yards here.

Representative Langley Is Seriously Ill

WASHINGTON.—Representative John W. Langley under sentence of two years in Atlanta Penitentiary for conspiracy to violate the liquor laws, is seriously ill here, threatened with a paralytic stroke.

Quinn Believes Bonus Bill Will Pass

INDIANAPOLIS, Ind.—John R. Quinn, national commander of the American legion, believes that Congress will pass the soldier bonus bill over the president's veto. "I regret that the president has seen fit to veto the adjusted compensation measure," Quinn said. "However, the ex-service men and women and their dependents look with confidence to both houses of Congress to enact this just measure into law."

World Good Will Day Proposed

AUSTIN.—Texas is being urged to celebrate May 18 as World Good Will Day, it being the anniversary of the first meeting of the Hague peace conference. S. M. N. Marrs, state superintendent of public instruction, has suggested that all public schools in the state hold exercises on Monday, May 19.

Texas Contractors Consider Combine

DALLAS.—Texas contractors in session here laid plans to eliminate cut-throat competition in the building trades and profit more from the admitted statewide building boom.

RURAL CARRIERS EXAMINATION

The United States Civil Service Commission has announced an examination to be held at Mexico, Texas, on June 11, 1921 to fill the position of rural carrier at Personville, and vacancies that may later occur on rural routes from that post office. The salary of a rural carrier on a standard daily wagon route of 21 miles is \$1,800 per annum, with an additional \$10 per mile per annum for each mile in excess of 21 miles. The salary on motor routes ranges from \$2,150-\$2,600 per annum according to length. Separate examination will be open only to citizens who are actually domiciled in the territory of the Post Office where the vacancy exists and who meet the other requirements set forth in Form 1977. Both men and women, if qualified, may enter this examination, but appointing officers have the legal right to specify the sex desired in requesting certification of eligibles. Women will not be considered for rural carrier appointments unless they are the widows of U. S. soldiers, sailors, or marines, or the wives of U. S. soldiers, sailors, or marines who are physically disqualified for examination by reason of injuries received in the line of military duty. Form 1977 and application blanks may be obtained from the census office mentioned above or from the United States Civil Service Commission at Washington, D. C. Applications should be forwarded to the Commission at Washington, D. C. at the earliest practicable date. At the examination applicants must furnish unmounted photographs of themselves taken within two years.

It has been estimated by an expert that electricity is doing the work at 70,000,000 men in the United States.

The reported discovery of valuable oil and gas properties in waterless has led to its extensive cultivation in Germany.

This Prescription For Kidneys

No Drugs—Just Roots and Herbs!
6 OUNCE BOTTLE, 75c.

Years ago Dr. Carey said, "When backache comes get after your kidneys—and don't waste any time."

"Right at the start, go to your druggist and ask for Dr. Carey's Marshroot Prescription No. 777; take it as directed until backache ceases and your eyes are clear and bright."

For more than 40 years Dr. Carey specialized in diseases of the kidney and bladder, and when, in the height of his remarkably busy life, he decided to dispense his most effective kidney and bladder prescription through the better druggists, he helped thousands who could not afford to go to him for treatment.

Thousands of unobservant people have kidney ailments and never know it until too late. High colored urine, getting up in the night, and puffy eyes tell the story.

If you even suspect—start today with Dr. Carey's Marshroot Prescription No. 777. It will drive the poisons from your kidneys and your druggist knows all about it.

Anderson & Horn dispense lots of it. It comes both in liquid and tablet form. It will help you as it has a host of others. If it should not, if you aren't glad in one week's time that you bought it, money gladly returned—and only 75c.—(Adv.)

Country Club Is Busy Spot These Days of Action

One of the busiest spots in East Central Texas these days is the country club grounds near here, according to the reports of members. The grounds are being beautified, a nine hole golf course laid out, new boats placed on the lake, and new fences erected around the more than 100 acres comprising the property. The grounds are two miles south of Mexia on what is known as the Shiloh road and with the improvements already showing up form one of the most attractive country clubs to be found anywhere in the state. A committee has been appointed to give further and immediate attention to the completion of the development program and also to secure plans for a \$50,000 club house to ornament and add to the services of the amusement center which is rapidly becoming the daily gathering point of nearly 100 members and their families.

A meeting was held in the Elks' home Wednesday afternoon, at which time the organization was perfected by which it is expected to have the old charter of the Mexia Gun and Fishing Club so amended as to provide an increase of capital stock from \$10,000 to \$50,000 and have the name changed to the Mexia Country Club. Ninety-three members are already paying in their subscription for stock the par value of which is \$500. According to a decision reached Wednesday, the club membership is limited to 100 members.

The new directors chosen at the organization meeting are: R. B. Bass, John Sweatt, Sam Cox, J. K. Hughes, Julius Nussbaum, Ben Howard and J. Sanford Smith.

Ben Howard is president and Hamp Gibson, secretary.

The grounds committee is composed of Ben Howard, Roy Bass and Sam Cox.

ITCHING ECZEMA GOES QUICK WITH USE OF THIS

People who have endured torture from itching eczema will be happy to learn that a means of relief has been perfected and is already enjoying unheard of popularity on account of the quick way it gets rid of the awful disease of the skin which nobody seemed able to figure out before. It is called Black and White Ointment.

Most all dealers have Black and White Ointment, also Soap, on account of the tremendous demand which has already reached the rate of more than two million packages a year in its sales, because it relieves eczema so quickly.

They are economical, too. The big 50c package of Ointment contains three times as much as the liberal 25c size.—(Adv.)

Ben Howard is president and Hamp Gibson, secretary.

The grounds committee is composed of Ben Howard, Roy Bass and Sam Cox.

ITCHING ECZEMA GOES QUICK WITH USE OF THIS

People who have endured torture from itching eczema will be happy to learn that a means of relief has been perfected and is already enjoying unheard of popularity on account of the quick way it gets rid of the awful disease of the skin which nobody seemed able to figure out before. It is called Black and White Ointment.

Most all dealers have Black and White Ointment, also Soap, on account of the tremendous demand which has already reached the rate of more than two million packages a year in its sales, because it relieves eczema so quickly.

They are economical, too. The big 50c package of Ointment contains three times as much as the liberal 25c size.—(Adv.)

CITATION BY PUBLICATION

THE STATE OF TEXAS

To the Sheriff or any Constable of Limestone County—Greeting:

You are hereby commanded, that you summon, by making publication of this citation in some newspaper published in the County of Limestone if there be a newspaper published therein, but if not, then in any newspaper published in the Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest district to said Judicial District for four weeks previous to the return day hereof, B. D. Flickinger whose residence is unknown, to be and appear before me, a Justice of the Peace in and for Limestone County, at a regular term of the Justice's Court for Precinct No. 4 of said County, to be begun and holden at my office in Mexia on the 10th day of June, 1924, at ten o'clock A. M., to answer the complaint of Rogers Mercantile Company in a certain suit therein pending, in which Rogers Mercantile Company is Plaintiff, and B. D. Flickinger is Defendant.

Filed on the 26th day of April, A. D. 1924, and numbered on the Docket of said Court No. 739, the nature of the Plaintiff's demand being in substance as follows: On July 14th, 1923, at the instance and request of Defendant the Plaintiff took defendant's note in the sum of \$44.50, due thirty days after date, said note providing for ten per cent attorney's fees if placed in the hands of an attorney for collection. Plaintiff says further that he placed the note in the hands of Keys & Mason, attorneys, for collection, agreeing to pay them the ten per cent attorney's fees provided for in the note, the same being reasonable attorney's fees; that the note is now past due and unpaid, and that Defendant, though often requested, has hitherto failed and refused, and still refuses, to pay the same or any part thereof, to Plaintiff's damage in the principal sum of \$44.50.

Wherefore, Plaintiff prays that the Defendant be cited to appear and answer this suit; that he have judgment in the principal sum of \$44.50, interest, attorney's fees and costs of suit, and for such other and further relief, general and special, in law and in equity, to which he may be justly entitled.

Herein fail not, but have then and there before said Court, at said regular term, this Writ, with your return thereon, showing how you have executed the same.

Given under my hand, this 26th day of April, A. D., 1924.

O. KENNEDY,
Justice of the Peace,
Precinct No. 4 Limestone County, Texas.
(May 1-8-15-22)

For Mexia, I WILL.

Our Meat Department

Why endanger your health eating
meats that may be from diseased cat-
tle, meat that may have been covered
with millions of filthy germ carrying
flies—when you can buy meat that
has passed the most rigid inspection
both before and after being butchered.
We sell only government inspected
meats. Our refrigeration plant (the on-
ly one in Mexia of its kind) is the
most modern made. Our market fix-
tures are snow white. These things
should mean something to you—for
your health's sake.

YOU ARE INVITED—
—to inspect our new modern mechanical refrigerating plant. The
best method known for properly keeping fresh meats. We sell only
government inspected meat—for your health's sake.

IT IS OUR BUSINESS—
—to get new bargains for you. Watch our price
tags every day. They tell of wonderful savings.

WE GUARANTEE—
The quality, count, weight, measure or gauge
of everything we sell—EVEN EGGS.

HOUSE TO VOTE ON VETOED BONUS SATURDAY

Harry Sinclair Gets Italian Oil Field Concessions

Victory Seen For Measure Over Veto In House

WASHINGTON, May 16.—The House votes on the bonus veto tomorrow, and the Senate early next week. Advocates of the bill believe there will be a House margin of 60 votes in favor of the bill. The Senate decision rests with a few unpredictable.

HARRY P. JORDON SAYS ENFORCE ALL LAWS OF THE LAND

Harry P. Jordan, candidate for State Senator is strong for the enforcement of the laws of the land. Spending the day in Mexia on business as well as campaigning when seen by a News reporter said: "I am unequivocally for the strict enforcement of all the laws of the land, city, State and Nation. Our government is one of laws. We have no kings, prince or potentate whose will and whim is the law. Our Constitution, the grandest document ever penned by human hands is the primary law of our common country and it provides that the people make, abridge and repeal all laws for the

(Continued on Page Four)

Red War Menace Seen In Germany

BERLIN, May 16.—Red war was threatened in occupied and unoccupied Germany today.

Communists increased their demands for seizure by workers of all the mines in the Ruhr. At the same time, their leaders promised "bloody interference" in a forthcoming Fascist demonstration at Fuerstenwalde next Sunday.

In the occupied areas, Communists agitators began a new campaign to prevent miners from acquiescing in French demands for operation of a group of pits under the Micum agreement between French and German industrialists.

Strike negotiations in the Ruhr may be closed today with an arbitration award.

C. A. Holmel of Denison was a visitor to the city Wednesday.

HUGHES LISTED WITH LEADING OPERATORS IN LULING FIELD

Ross & Green, Inc., announce that the firm is to send down a deep test in Guadalupe county near the town of Prairie Lea. The derrick is already up and is about midway between the Del Cumbre Flowers No. 1 and the Cramer's Forecey well.

In spite of the recent drop in crude from \$1.00 to 75c in the Luling field, the race for flush production in Guadalupe county is still under way.

The J. K. Hughes Developing Company is one of the leading operators in that section of the Balcones-Mexia fault. The Developing company now has three producers in and a fourth will likely be added before the week ends. The acreage owned by the Mexia company is said to be among the most valuable pieces of oil bearing property in the field.

The United North and South Oil Company's A. J. McKean No. 5 has just been completed and is good for 2,000 barrels a day on estimate, though no gauge figures yet have been given out and the exact production can not be determined.

The Grayburg Oil Company is drilling seven wells at once on its twenty-acre Allen lease, with one

(Continued on Page Four)

STOLLENWERCK IS RECIPIENT OF WATCH FROM DIRECTORS

In token of their appreciation of the services of Ben Stollenwerck, for the past two years secretary of the Mexia Chamber of Commerce, and as a testimonial of their esteem for the sterling virtues of citizenship and friendship of the man, the Mexia Chamber of Commerce Board of Directors and friends today presented him with a handsome 26 jewel Howard watch. Upon his resignation from the duties with the commercial organization his friends here started out to get up the fund for the purchase of the gift. The necessary sum was received before all had been seen and many regret that they were not seen before the gift was made so that they might have been numbered with the donors. The beautiful fine timepiece bears hand engraving stating that it is "To Ben Stollenwerck from the Board of Directors of the Mexia Chamber of Commerce and friends, May, 1924."

Mr. Stollenwerck expressed much appreciation for the gift and the spirit prompting the gift. He asserts that it is his hope and will be his earnest endeavor to be a better man because of all the many courtesies, kindnesses and reminders of priceless worth tendered him as he plans to leave here. He states that he will endeavor to prove worthy to a degree of the confidence in him and that although he may fail in business ventures, he hopes that he will never be guilty of improper conduct in business or unbecoming conduct as a gentleman.

PIGGLY WIGGLY ALL OVER THE WORLD OPENS MEXIA STORE SATURDAY MORNING

Piggly Wiggly All Over the World, Mexia Store No. 1 and serial No. 1468, will open its doors to the trade Saturday morning of this week.

Fred A. Guy and B. M. Harrison are the proprietors of the establishment which is to be operated as a part of the Piggly Wiggly organization, under the administrative jurisdiction of the Piggly Wiggly Corporation of Memphis, Tenn.

Mr. Guy will be manager of the concern and will be assisted by S. W. O. Briant of Dallas who has had five years experience in Piggly Wiggly stores.

Mr. Guy was for the past 11 years a traveling salesman, representing the Wapples Platter Grocery Company out

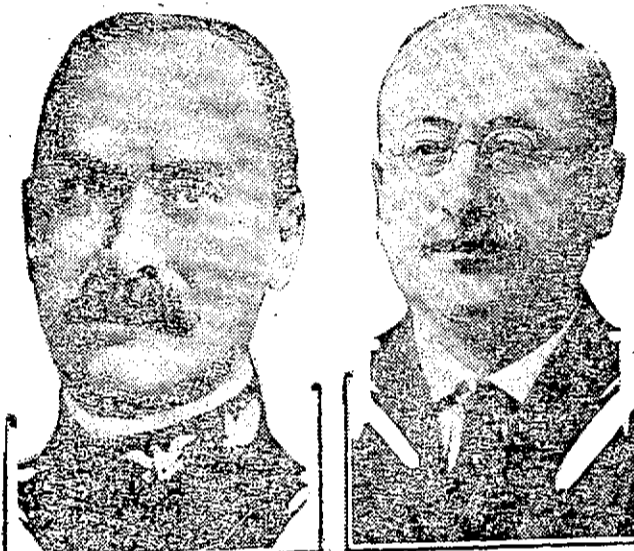

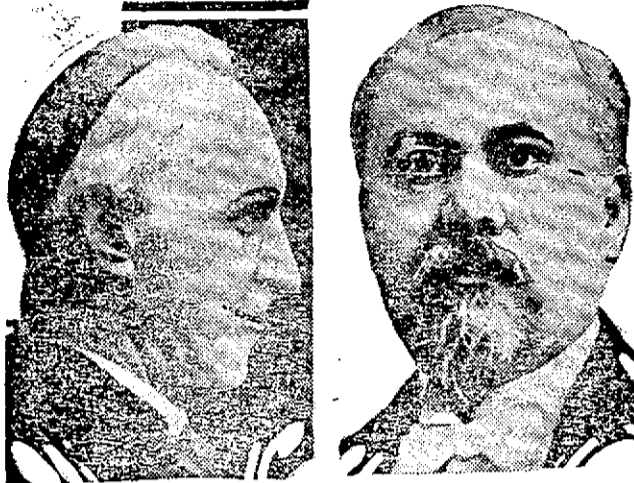

Remus Relates How Smith and He Got Liquors

WASHINGTON, May 16.—George Remus, millionaire bootlegger of Cincinnati, now serving sentence in the Atlanta penitentiary, told the Senate investigating committee that he paid Jesse Smith \$250,000 for liquor permits and protection from prosecution. Remus also testified that he had an agreement with Smith whereby each was to get \$1.50 to \$2.50 per case on all liquor released.

MAYFIELD CASE RESTS Stone To Carry Ruling to High Courts of U. S.

WASHINGTON, May 16.—Attorney General Stone will carry to the United States Supreme Court the ruling by Federal Judges Carpenter and Wilkerson at Chicago, refusing to recognize the pardon granted Philip Grossman by President Coolidge was said at the Department of Justice today.

CHIEF FIGURES IN NEWS SPOTLIGHT.

Below: CARDINAL MERCIER & RAYMOND POINCARÉ
Below: CAPT. T. J. SEE & VICTOR BERGER

The French election for the Chamber of Deputies was a great victory for the French Democrats, or Left Wing, the Bloc National, which dictated France's aggressive policy, being beaten. Premier Raymond Poincare, it is believed, must change his policies or suffer defeat in the new Chamber. Congressman Victor Berger, Socialist of Wisconsin, is urging President Coolidge to call a new conference to revise the Versailles Treaty to conform to Woodrow Wilson's "fourteen points." The belief that radio waves move as fast as light and electricity is disputed by Captain T. J. See, professor of mathematics in the U. S. Navy and Government astronomer at Mare Island Navy Yard, California, who declares radio is held back by the earth's attraction, moving 165,000 miles a second to 186,000 miles for light and electricity. All Belgium is celebrating the fiftieth anniversary of the entrance of Cardinal Mercier, Primate of Belgium, into the priesthood. The Cardinal is the national hero of the Belgians.

Hydrophobia Claims Life Of Eleven Year Old Lad

Edward Faulk, 11-year-old son of Mrs. Faulk of Tehuacana, died at his home Friday morning of what is reported to have been hydrophobia. Funeral services will be arranged at the home.

The deceased was taken sick several days ago and the malady was pronounced meningitis. It was not known at the time that he had been bitten by the dog which ran mad in the town

about a month ago as he said nothing of the matter to his mother. Owing to the peculiar nature of the disease in the last stages physicians reported that the malady was not meningitis but something else. It was finally learned that the boy had been bitten by the mad dog and had said nothing about it until a short while before death occurred.

Class of Mrs. Akin To Give Recital

At the Methodist church this evening at 8:15 o'clock the talented little pupils of Mrs. Roy Akin will be presented in a piano recital. The program will consume only about one hour and will be thoroughly enjoyed, according to those who have watched the progress of the children in music. The program will be varied, consisting of many delightful numbers, including contributions by the glee club. Among those who are to have a prominent part in the program are: The Glee Club, Francis Brodnax, Mary Martha Strange, Dorothy Cogdell, Mary Edith Forrest, Francis Hughes, Helen Fielder, Sumpter Street Orchestra, Alice Robinson, Ruth Owens, Margaret Walton, Harlan McDaniel, Dorothy Marie McElroy, Clara Frank Denning, Ray McCraw, Olive Margaret Snider, Lucetia and Clara Denning, Mary Ruth Reeves, Franklin Vanneman, Eloise Robinson, Josephine Wofford, Tina De Long, Lellan Marian Wagner, Maraline Vestal, Geraldine Vestal, Eugene Womack, Meverline Vestal, and a duet will be presented by Mrs. Roy Akin and Mrs. Easterling.

To catch drippings from a tea pot spout a circular trough held in place by a rubber ring has been invented.

MEXIA B. P. O. E. LODGE HAS A BIRTHDAY

This week marks the second anniversary of the organization of the B. P. O. E. Lodge No. 71 in Mexia. "Hello Bill" was the glad word heard often on the streets of Mexia when on May 11, 1922 a large delegation of Dallas Elks invaded the city headed by a special 60 piece band and drum corps of 25 and took possession for the day. The purpose of the invasion was to in-state the local members in Elk membership and to form the local lodge. With the delegation came the degree team of the Dallas lodge who did the work of examining the members of the

(Continued on Page Four)

AN' THE BOY CAME BACK

By Slyboots
Fred Karner returned today from Paris unknown or too numerous to mention, he declares. Upon hearing of his intention to arrive home Friday, it was arranged among his friends that he would be met at the station by a long-eared local emblem of the democratic party. Not finding any such specimen in Mexia barnyards, Allen Hatch was sent to the station as a substitute.

DIRECTORS FAVOR SUPPORT GIVEN WESTMINSTER

Rev. O. W. Milburn, Financial Agent of Westminster College, met with the board of directors of the Mexia Chamber of Commerce Friday morning. The purpose of his visit was to inform the directors of the campaign now launched by friends of the institution at Tehuacana, seven miles northwest of Mexia, to raise \$100,000 in five annual payments for the improvement of the properties of the college and for the purpose of increasing the growth of the institution. He asked that Mexia invest \$10,000, amounting to \$2,000 per year, in the campaign. In this the directors spoke with much enthusiasm of the college under its present splendid management, commended the college for its fine student body and urged that the citizens here contribute generously to the local educational enterprise by giving the \$2,000 annually and more if possible to the worthy cause.

THE WEATHER

East and West Texas—Tonight fair and warmer; Saturday fair.

Cabinet Gives Its Consent Approving Leases

ROME, May 16.—Harry F. Sinclair has been granted a concession to work Italy's oil fields and the Cabinet Council has approved the leases, an official communique announced today. The concession is effective as of May 1. Despite a storm of protest against Italy's oil reserves being leased to Sinclair, the Government maintained that its action was justified. Provisions, however, are made for "national initiative", which at present is somewhat hampered by lack of capital.

OIL FIELD WORKER KILLED NEAR ALBANY

ALBANY, Texas, May 16.—Harve Overby, oil field worker, was instantly killed when a gas trap near which he was working exploded near here.

Richland Area Most Active Of All Oil Field Centers of Mexia Fault

The Godley No. 1 on the Webb tract in the Richland field just north of Mexia and south of Powell on the Mexia-Balcones fault is making 500 barrels of pure pipe line oil at a depth of 2970, elevation at 361. This well is flowing by heads, this well has six feet to go to be as deep as the Godley No. 1 which is an offset to the east, both of these wells are two feet in the pay sand.

The Sun Oil Company Brown No. 1, three quarters of a mile southwest of the Godley found the pay sand at the same depth as the Godley No. 1, and is pumping 320 barrels per day. Active drilling is now going on between this production, the Sun drilling two wells on the Brown the Boyd Oil Company drilling two wells on the Webb, Cranfield and Penn drilling two wells on the Webb, the Simms are drilling their No. 1 Allison and the Godley Oil Company are rigging up on their Webb No. 3. W. J. Collins and others are drilling on the west end of the Patterson lake at 2700 and Eslick Company is drilling just north of the Patterson lake at a depth of 2850. The Graves three quarters of a mile northeast of Patterson lake which is about one mile northeast of production is setting casing. The Boyd Oil Company on the Allison offsetting the Graves on the west is understood to have set casings. Both of these wells are reported to have cored and found a very promising sand.

The McDonald Brown discovery well is pumping around 200 barrels of oil daily. Quite a few wells are being

POWELL

The Powell field is producing 105,000 barrels per day, a very few new wells have been started in the past week. The E. L. Smith Oil Company Cerf No. 5 is starting. This well is an offset to the E. L. Smith No. 1 on the north. Harry Parker drilled down on Cerf No. 1 which was a dry hole at the regular producing depth and now testing a rich looking sand at 3220. This well is an offset to the E. L. Smith Oil Company Cerf on the Southwest and to the Tidal Oil Company Cerf on the northwest.

WILDCATS

The E. L. Smith Oil Company Pippin No. 1 in Hopkins county has a fishing job at 2667. G. J. Smith Oil Company (Skelly) McGowan No. 1 drilling at 3185 in sandy shale. Dreeben and Lasky Patterson No. 1, (Horman) cored water sand on Thursday 15th at 3142 drilling today at 3145. Maryland Oil Company Coppedge No. 1 is drilling at 2970. In Rains county Yost et al. Barnes No. 1 3450 is dry and abandoned, in red shale. The Marland Oil Company King No. 1 at 3010 is drilling in breaks. Van Zandt County, Marland Oil Company Ella Greer No. 1. Derriek timbers. Brookins and Jenkins, Hughes No. 1 is drilling in the chalk at 2650. Mills Bennett, Jones No. 1 is in the chalk at 2798.

FRIDAY CORSICANA DAY AT MEXIA SHRINE CIRCUS

Practically all Mexia witnessed over the circus and made them glad real sight yesterday evening when they came. Karem Temple band and uniformed a big time under the circus tent was patrol rounded the corner on Com-reported this morning; funny clowns, merce, headed by Karems' ownrubs and many pranks and antics too Potentate Burchett, Chief Rabbannumerous to mention. Gaylord, and Recorder Bill Quebe, President E. L. Crow of the Shrine who need no introduction to Shrinersclub now calls attention to the fact of this section and their name is knowthat tonight is Corsicana night and a live bunch will infest the streets from Karem's real band directed by Corsicana and say they will stop at Noble McCracken, followed by gaylnothing to gain their point. Those uniformed strutting patrol, was indeedboys are still greasy with oil and have a treat enjoyed by every one, as evi-the Mexia spirit and if they do what senced by the crowded streets, boththey say, they will make somebody with autos and pedestrians. laugh. Some sort of surprise will be Teague Shriners and their friendsprung on the crowd tonight swarmed the town with the crowds, the tent and we are informed that because Teague believes in Karem; Corsicana is probably the one that will Wortham, Groesbeck and other townsspring it. were well represented and even Corsi- The Mexia Shrine club report a cana sent an advance guard to tell thesplendid patronage last night and ask world that Corsicana was comingthe public to watch them grow with strong. Today is Corsicana day. Mexia. After the Karem bunch treated the They are working on a program, that city on the outside, they led them intovill show Mexia that they are behind the big circus tent on McKinney streetthe city to help it grow.

"For Mexia, I WILL"

LET'S HAVE A TRADE TOUR

Why not a trade tour for Mexia business institutions? This is a question thoroughly timely at present. It should be answered by action, by getting up some morning bright and early and starting out on a good will and business building mission which should carry the Mexia party to every community within the radius of Mexia's expanding trade territory.

Mexia has apparently forgotten the value and the necessity of such tours in the past few years, as no party of business men from here has visited surrounding communities in a body since the great oil field boom.

Mexia should wake up to the opportunity which such a trade trip affords. Other towns and cities have demonstrated their value. Other places, large and small, all over the country, engage in these commercial and fraternal visits every year. What others have found necessary and valuable, Mexia business men, without doubt, also will find most desirable.

This is the season to make the trip. Now is the time to go. Other places are active, coming right into this section to attract to their centers whatever trade they can from this part of the state.

Waco will be here next week. Glen Rose, a town less than 2,000 people, and twelve miles from a rail road, this week engaged in a tour which carried the party to Dallas and other populous centers, where they advertised the health advantages their community affords. Amarillo, in the Panhandle, with over one hundred members of a business man's party, chartered a train a few days ago and are now on a trip which has carried them hundreds of miles from home.

Most every town in West Texas engages in extensive trade trips annually. And no doubt but that that spirit is doing so many wonders for the West.

The Mexia Manufacturers and Jobbers could do no better thing at this time than to get back of this idea and see that a well defined program is carried out over a comprehensive itinerary covering the trade territory of this city and what ought to be the trade territory.

The secret of a happy people is in thrift. Keep them engaged, doing something worth while and getting results and they will find little room in their hearts for pessimism and doubt about what the world is coming to in a business way.

CENTENNIAL IDEA OFFERS BIG OPPORTUNITY!

J. K. Hughes of Mexia will represent this section next Wednesday at Austin when seventy one of the citizens of Texas will sit around the council table in the capitol city to further consider activities looking toward the celebration of one hundred years of American control, and development of the Lone Star State.

Mr. Hughes, a native Texan, has reports from Chairman Cato Sells in which it is declared that considerable momentum is back of the idea and there is no doubt now but that this state will hold an exposition equally as great, if not greater, than that celebrating and commemorating the Louisiana Purchase.

The Centennial idea and the spirit fostering it, and the exhibition itself should do for the whole state a service similar to that achieved for West Texas by the West Texas Chamber of Commerce. It should weld every section more closely together, advertise the state to the world, and create that highest type of sentiment, push and power, that should characterize citizens of the most favored spot on earth. The West Texas C. of C. has wrought wonders within its lifetime. The Centennial organization should do far more, one of the big by-products of the institution being the inculcation of the spirit of comradeship throughout Texas and throughout the Union.

Simple Life and Outdoor Joys Await Guests Who Vacation On Canada's Western Ranches

COMBINATION COOK AND GUIDE, WAITING FOR THE POT TO BOIL

Alberta offers fine opportunities for summer vacations on real ranches, the sort of vacations that appeal to many men and women who spend most of the year in the busy-busy of city life.

One of the best known of these retreats is that called the "Stampede" or "TS" Ranch, operated by Guy Weadick and his wife, Flores LaDue, both familiar to vaudeville audiences in Canada and the United States, as trick riders. This ranch is located along the Highwood River in Eden Valley, 35 miles west of High River station and is in the same district as "EP" Ranch, owned by the Prince of Wales. It is situated at an altitude of 4,000 feet with peaks of from 6,000 to 10,000 feet in height within a few miles. One may sleep in the ranch house or a log cabin. Plenty of saddle horses are on hand for trail riding among the foothills and up into the mountains. In season there is excellent shooting for birds and game; while the trout fishing is fine. A riot of varied wild flowers carpets the land and beautiful mountain scenery surrounds this popular ranch.

Kananaskis Dude Ranch in the foothills of the Canadian Rockies, is located near Morley Indian Reservation between Calgary and Banff. The ranch buildings command a beautiful view of Bow River, they include ranch house and cabins and are only a quarter of a mile from the station. Mrs. "Bill" Brewster is the hostess of this delightful place and her sole aim is to see that guests have a good time. Cleanliness and comfort are conspicuous features of this ranch, while the table is excellent. Many trail trips can be enjoyed from here; two five-day trips are those to Mt. Assiniboine and to Devil's Head, the latter permits visits to Mt. Asymmer, Lake Minnewanka and Devil's Gap.

Ssoma Lodge in the Trail and Kananaskis Lakes region is reached from Calgary by motor, a distance of 33 miles to the south-west. Although not so well known as "TS" Ranch, its satisfied patrons are heralding its praise abroad and it is only a question of a short time before its hospitality will be taxed to the limit. It is run by M. E. Amoss and his two sisters, one of whom is a teacher and the other, a trained nurse; all three vie with each other in ministering to the comfort and pleasure of their guests. Here, too, fishing may be enjoyed for there are five lakes within a two-mile radius, and one just a mile from the ranch house. Saddle horses, pack ponies and guides are on hand for trail trips, the guides know the country well and are expert at making tough beds. A golf course has been laid out. Food and service are exceptional.

THE EDITORIAL OF THE DAY

TRADE OUTLOOK IS BRIGHT.

Waco News-Tribune

How about business conditions? Things have slowed down a bit lately in several of the basic industries. But there's nothing in the situation to make us uneasy. All indications are that the slow-down is temporary.

Business is a lot like a man hiking across the continent. He can walk fast just so long, then he has to stop and rest. That's the real business situation—production was on too big a scale, so now there's a lull to "size things up."

These lulls come periodically even during long-range periods of prosperity. Trade goes up and down. It always has, and it always will.

Take steel. This giant industry is operating at about 80 per cent of capacity, maybe 85. But in recent months production was smashing all records. Now the industry slows down to catch its breath.

Then, too, buyers are buying hand-to-mouth, holding back for lower prices. Makers are slowly making concessions—small price cuts to serve as bait. This also is a periodical and

inevitable reaction. When prices stabilize, lots of orders.

Auto industry also is quieter. Buying movements by the public comes in waves. The last big wave, during January and February and March, made the factories turn out more cars than ever before. A lull now, but only temporary. Place your bets on another big buying movement, to start soon.

A lot of the lessened activity in business generally is seasonal—always comes at this time of year. That's one reason why coal production is so low. Spring always brings a dull spell. Furthermore, there's a tremendous over-production of coal—and no national strikes in sight to create a shortage.

But business leaders are expecting good times. They're getting ready for it—providing the capital to carry on work. In April 298 million dollars worth of new stocks and bonds were floated, compared with 305 millions in April last year.

In the first three weeks of April (latest figures available), the railroads of the whole country loaded

Local News

Little Miss Connie Marthel Mathews of Muskogee, Okla., is in the city visiting the family of her uncle, Willie Beck on McKinney street, and she paid this office a friendly visit Friday.

T. S. Knox of Abilene was in the city Wednesday.

C. C. Davis of Corsicana was among the visitors to the city Wednesday.

W. H. Patrick was here Wednesday from Waco.

and moved 2,620,318 cars of revenue-producing freight. This was a bit less than in the corresponding weeks of last year, but away ahead of 1922 and 1921. From the first of the year to April 20, the roads moved 142 cars of freight for every 141 a year ago in the corresponding period, and 120 in 1922 and 111 in 1921.

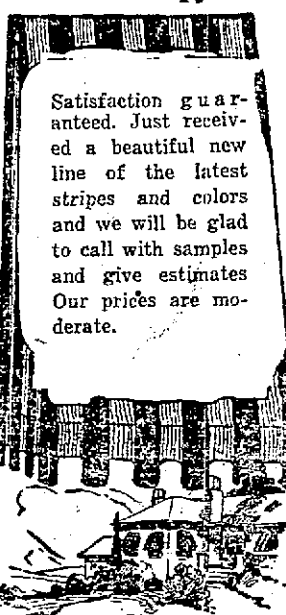

This is the long-range tendency, not only in rail traffic but in general business. That's what really counts—the long-range activity, not temporary lulls.

SHOPPING AT PIGGLY WIGGLY STORES

Shopping in Piggly Wiggly fashion is a charming sort of adventure.

You go in by way of a turnstile and follow the obvious and open way that winds back and forth through spotless aisles and between spotless shelves on which are rows and rows of canned meats, fruits and vegetables of every kind and brand. Here are pickles, preserves, jams, jellies, fresh vegetables and fruits, soap and cleansing powders, each after its kind, crackers, cakes and breads, mammoth pantry you might call it, with anything and everything that a housekeeper most needs, all open for your selection, ready and waiting to be gathered by you as you pass.

When you have made your selections you pass to a counter where the contents of your basket are placed in a bag, the prices tabulated, and after paying for them you pass out through another stile, having done your shopping with all possible ease, and replenished your pantry with the best of foodstuffs, each article purchased at a very appreciable saving to you.

PIGGLY WIGGLY

ONE KIND OF STORE FOR EVERY KIND OF PEOPLE

The Piggly Wiggly Stores all over the world have been a pronounced success on every hand. The housewives of America have shown thru their continued and consistent patronage their unqualified approval of the Piggly Wiggly System.

Its appeal has been instant and lasting. From all ranks and classes come this support—the mass—the democratic approval for a system of selling that is founded on Thrift, Equality and Service.

The little red wagon and the big limousine go hand in hand at PIGGLY WIGGLY, and here purchase standard nationally advertised foods at lower prices.

With such splendid support it is no wonder that Piggly Wiggly continues to grow, and so it is that Saturday we open a new store at 215 Commerce Street.

Piggly Wiggly stores are stores for everybody, they are one kind for every kind of people. Visit a Piggly Wiggly and see for yourself that we are continually growing.

HARRY P. ORDAN SAYS ENFORCE ALL LAWS OF THE LAND

(Continued from Page One)

government of State and Nation. You the people, make all your laws through your duly appointed representatives and have provided that their term of making your laws shall be limited so that others may have a hand in the making, a very wise provision, that the laws shall be the product of all the wisdom, skill and ability of all the people rather than the single ideas and ideas of an individual no matter how great his wisdom might be. And while I am a great believer in progress, if it is that progress making for a higher, broader and better citizenship, just as I am a firm believer in the Christian religion and the church, for "if you are a good conscientious churchman, you naturally will be a better Christian, so if you conscientiously keep inviolate the laws of your country and obey them strictly, you naturally become a better citizen. Respecting the law, I believe is the first step toward individual liberty. We should accord to every one the honesty of his convictions, the same right that we expect from him, and the keeping of the law is doing just this. If the certain rule of conduct pinches some, we should be good sports by abiding by it until it can be so remedied that it will neither pinch us or our neighbor, for if a rule hurts our neighbor to our glory, it is not a good rule. It must be equitable and just for all and if we go about remedying it in the proper and reasonable way, considering his rights as well as ours we arrive at the proper measure and the rule that follows is good for all. That is the only law that should be made and perpetuated, one that renders the greatest good to the greatest number of the people. That is Democracy and Progressive Democracy. We can't sit still. A rule that might have been good yesterday, might not be the best for today and injurious for tomorrow. Stagnation is worse than retrogression, for retrogression is action, while stagnation is death. Progressive action is best, progressing along better, broader, brighter lines for contentment, prosperity and pursuit of happiness, for after all that is life. Let us obey and keep the laws of our land, and let us lend a helping hand to their enforcement and teach our erring neighbor by example that it is better and more satisfying to self, family, friends and country to keep and honor its laws. Then let us enforce them at all hazards." When asked about the all important question of taxation, Major Jordan said: "Taxes is to the State what the heart and blood and bone and sinew are to the body. No matter how perfect and good the plan of government may be it all depends upon the TAXES for life and happiness. Taxes was uppermost even at the beginning of Christianity, for did not Mary and Joseph journey to Bethlehem to be taxed by Caesar when Christ was born. No one objects to paying taxes, but it is the burden of taxation that cause all the trouble, sorrow and sufferings. Therefore every government should exact only that much taxes that will righteously maintain its administration, efficiently, without stint, but nevertheless without waste. I believe it is just as wrong to extravagantly and recklessly waste the peoples' money that is drawn from them by taxation as it is to take the money

out of their pockets by theft, only it requires more courage and hazard to do the latter. Why should your representative to whom you have given the trust of spending your money spend it any other way than he would if it was his own individual sacred dollar. He should have the courage, the honesty of investigation, the wisdom of fair and just deliberation and consideration before he votes to spend the peoples' money. To do otherwise he is recreant to that sacred trust."

"When the question of schools was mentioned, Major Jordan remarked: "That the public schools, and when I say public schools, I mean the country district and the city ward free schools, and not the universities and colleges, they are the schools of first impressions and impulses are made and formed, the embryonic citizen is crystallized there and they all take from those schools the ideals, ideas and teachings of the teachers whatever they may be and those early impressions and ideas take root and remain with the pupil always and those early teachings have a great deal to do with the after life and living of that person. The public free school of the country district and city ward is the most Democratic institution in our land, for there the poor boy has the same status as the rich man's son, the wood-chopper's lad, the same advantages, rights and privileges as every other pupil there. Therefore my good friends, we should see to it, that our children, yours and mine, should have that kind of perfect training that our child shall grow up and become one of the best citizens of the State and Nation. Do we take as much interest in our public schools as we should, as we do in our business. I dare say we do not, and there is creeping into our public schools a slight element of un-Americanism, and un-Christianity. Why is this, I will tell you. We individuals do not take individual interest in the public schools that we should; we don't individually mix and mingle with the teachers and pupils enough; we don't make the comradeship with them that we should. We should live so close to the teachers and pupils of our public free schools that we know their every eccentricity, their character, their mode and manner of living, their dispositions, sentiments, likes and dislikes, religion and politics, in fact we should know them as we know ourselves, and if they are not teaching our children as they should be taught, to grow up and become real enthusiastic loyal American Christian citizens, then we should see to it that such teacher is at once removed, for believe me, this control of the public schools is indeed in your sacred keeping. I believe that the "Star Spangled

MEXIA B. P. O. E. HUGHES IS LISTED LODGE HAS A BIRTHDAY

(Continued from Page One)

new lodge and making them Elks in good standing.

The first class initiated into the lodge numbered in the neighborhood of 200 members. Since then over 700 members have passed into the membership of the lodge making it the fastest growing organization of its kind in the United States. During the first year of the existence of the local lodge the clubrooms were rented. Today a magnificent new two story home houses the club and furnishes luxurious rest and recreation rooms as well as a fine hall where the ceremonies connected with the operation of the lodge and the club dances may be held. This building is now free of debt and completely furnished for any fraternity and social event which the club may see fit to participate in.

Frank C. Bolton, present Exalted Ruler of the lodge, was one of the most influential in its organization. His co-worker, Charles L. Clover, present secretary of the club was also very influential, because of his wide knowledge of the work of the club gained from experience with the Elks in other cities. To these two men, perhaps, more than any other goes the credit for making the club what it is today. They have been untiring in their efforts for the advancement of the organization until it now has the largest membership of any single fraternity, possibly, in this section.

Do You Cough?

San Antonio, Texas. "We have used Dr. Pierce's Golden Medical Discovery in our family for coughs and bronchial trouble and it gave entire satisfaction. I am a practical nurse and have found the 'Golden Medical Discovery' to be of great benefit to those recovering from sickness which had left them in a weakened condition. It enriches the blood, improves the appetite and aids digestion. I can conscientiously recommend this medicine."—Mrs. C. E. Smith, 230 E. Dittmar Ave.

Go at once to your neighborhood store and get the "Golden Medical Discovery" in tablets or liquid.

(Continued from Page One)

producer there already and well No. 2 ready to drill in about Thursday of this week. All of the other companies operating on the Allen have wells about ready to bring in.

A wide-flung campaign is already getting under way, with the United North and South people now down about 800 feet on their William Halm No. 1, which is across the Southern Pacific Railroad tracks from the production area, but considered well in line by oil men. It is being closely watched, as its completion for a well would mean an extension of more than two miles to the field. Heep & Patten also have started work on their Sophia Hensel No. 1, which is in the same line, but about six miles away, being due east of Seguin on the Gonzales road. On the banks of the San Marcos River about a mile west of the field Barnes & Hagin, local derrick builders are erecting a derrick for Ross & Green's W. W. Pryor No. 1, which will be spudded in at once. Other wildcat deals are pending and it is thought that the entire field will be encircled by new tests on both sides of the river.

THE MEXIA DAILY NEWS

Your Yardstick

The story of man's progress is written daily on the printed page—in messages from all corners of the globe. Only history can measure it.

Yet the progress that concerns you most—the better talcums, tooth-brushes, shoes, and automobiles that can give you daily satisfaction—you can measure as you read.

Advertisements are your local yardsticks. They tell of the new and the best your own dealers carry.

If you read the advertisements, you can buy wares that repay your confidence—wares widely advertised because widely believed in. Moreover, by helping you select the new, economical and best today, the advertisements help you save for the new and best tomorrow.

Let the advertisements keep you alert, progressive. Let them help you save.

ROTARY NAMES COMMITTEES FOR WORK OF YEAR

At the luncheon of the Mexia Rotary club, Hardy Eubanks, president, announced the following committees, men selected by the Board of Directors at a meeting held Wednesday at noon:

Membership and Classification.
E. P. Hutchinson, chairman; he to appoint other members of his committee:

Program Committee.
J. W. Elliott, chairman, George H. Bell and J. G. McIntosh.

Public Affairs.
David Murphy, chairman, Carl Davis and W. B. Kendrick.

Rotary Education:
Joe Putman, Ike Keys and Albert Berry.

Boys' Work.
Paul Harper, chairman, Nelson Forrest and C. A. Puckett.

Publicity.
Garland Adair, chairman, Joe Jeffers and Perier McKenzie.

Fellowship.
Pat Patterson, chairman, Bob Crow, Val Horn, Buck Tidwell and Allen Hatch.

Song and Music.
Joe Jeffers, chairman, Elmer Beene, Paul Harper and George H. Bell.

The program Thursday was conducted by Dr. Jim Watson, who was ably assisted by Mrs. Watson and charming little daughter, Eolene. The flatter little lady gave a number of readings, songs and aesthetic dances, all of which were immensely enjoyed. Mrs. Watson gave two selections on her violin, responding to encores that followed her initial contribution. Miss Beth Ellington accompanied them on the piano.

Dr. Watson then gave a classification talk on "Rabies" commonly called "Rabies." This talk was accepted with much enthusiasm, the importance of the subject being clearly outlined by the speaker. President Eubanks spoke at the conclusion of the program, urging that club members talk more about the things they know, giving classification talks which would prove helpful to the club members and thoroughly in accord with the Rotary spirit.

Amarillo Making Ready for Texas Newspaper Men

AMARILLO, Texas, May 16.—Elaborate plans are underway for the entertainment of newspapermen who will be here June 18-20 for the annual convention of the Texas State Press Association.

The famous band of the West Texas State Teachers' college will meet all special trains of delegations.

Trips have been planned to the Palo Duro canyon and other historic points in the Panhandle.

According to English experiments a vegetable poison used in the Malay States to kill fish is the most effective insecticide known.

A sliding bar makes a new two piece wrench fit nuts of almost all sizes.

HOME DRESSMAKING

By JEANNE ROLAND
(Copyright 1924 by Pen-Art Service, Inc.)

Fitting the Costume Slip to the Needs is a perfectly straight slip, with gathered skirt and square-cut camisole.

After the slip is finished, as shown in Fig. 1, a straight piece of em-broidered batiste or lace may be stitched down the front, then the edges outlined with lace. If preferred, the straight strip down the front may be ornamented with a simple design of hand embroidery.

The lace which outlines the strip is whipped onto the background with fine stitches (Fig. 11), the needle being put into each mesh of the lace. The slip is supported by shoulder straps of ribbon and ribbon is run through the lace that trims the upper edge of the camisole so that it may be drawn together as closely as possible. Sometimes two-tone satin ribbon is used for the purpose, introducing a dainty color scheme.

A slip like this worn under a dress of sheer voile, organdie, georgette.

Trimming Stitched Down Front of Slip and Edges Covered With Appliqued Lace.

crepe or chiffon supplies quite as much trimming as fashion requires and is less expensive than would be the trimming on the dress itself, for a cheaper quality of lace could be used on the slip than would appear to advantage on the material of the dress.

Here is an example of what Paris can do with a plain costume slip, without which no wardrobe is complete this season. The foundation

H. L. Welton who has been in the Luling field for the past few months looking after the interest of the E. L. Smith Oil company, is spending a few days at headquarters for this company.

For men's belts an elastic buckle that stretches under strain has been invented.

An Englishman has made a glue for china from common snails.

Richland Area Looks Up After Godley Producer

The Godley Oil Company's No. 2 Allison in the New Richland field, Northeast of Mexia 20 miles, is now producing better than 400 barrels daily, according to reports made by oil men of this city. The well is declared to be the biggest yet drilled within that pool. Its completion so successfully and with a high grade of oil has greatly stimulated activity in that section and quite a number of new tests are expected to be started down immediately. Many operators have held up a development program, pending the outcome of this test. Providing satisfactory, more attention has been directed to that locality within the last few days than to any other part of the Mexia Balcones fault area.

The J. K. Hughes Developing Company owns acreage near the test as also does the E. L. Smith Oil Company.

With the first test at Bazette, by the Boyd Oil Company, proving to be

July 4 Will Be Big Day Galveston

GALVESTON, May 16.—A brilliant sky carnival with such features as bombing, machine gunnery, sky writing, smoke screen operations and other maneuvers, is being mapped out by officers of Kelly Field, officials of the Galveston Chamber of Commerce and the Beach Association.

While no definite date for the exhibition has been set, tentative plans are being made to hold it in connection with a celebration on July 4.

Between 25 and 30 planes, piloted by officers from the advanced school of flying at Kelly Field, will take part in the air spectacle being planned.

a dry hole and with the Kaufman county test also not looking so encouraging, interest has been switched back in this direction because of the more favorable promises of the Richland area.

The New Richland field is on a line between the Currie pool and the Powell producing area, and about midway between them. It is served by pipe lines and the storage farms of Navarro and Limestone counties.

ECZEMA!

THIS isn't one of those fake free treatment offers you have seen so many times. We don't offer to give you something for nothing—but we do guarantee that you can try this wonderful treatment, entirely at our risk, and this guarantee is backed by your local druggist.

"HUNT'S GUARANTEED SKIN DISEASE REMEDIES" (Hunt's Salve and Soap) has been sold under absolute money back guarantee for more than thirty years. They are especially compounded for the treatment of Eczema, Itch, Ring Worm, Tetter, and other itching skin diseases.

Thousands of letters testify to their curative properties. M. Timberlin, a reputable dry goods dealer in Durant, Oklahoma, says: "I suffered with Eczema for ten years, and spent \$1,000.00 for doctors' treatments, without result. One box of Hunt's Cure entirely cured me."

Don't fail to give HUNT'S GUARANTEED SKIN DISEASE REMEDIES (Hunt's Salve and Soap) a try.

Jeffries Hurls Gushers to 8-to 0 Victory Here

By JINX TUCKER
In Waco News-Tribune
Red Hill returned to Waco yesterday from his short visit to Greenville and was sent to the mound by Manager McIver in an endeavor to make it three in a row from the Mexia Gushers, but Red had his fence ball breaking nicely and the locals did not have a chance. The Gushers scored a run in the second inning on a pass to McDowell and a double by Anfield. Then in the third, Waco's fiery-topped hurler could not get the boys from Mexia out. Seven runs were scored in this round on a double, a home run, an error, a walk and three singles. One of the singles came off Ragan, who relieved Hill, scoring two runs, the players being put on by Hill. That, however, ended the scoring for the day for Pat Ragan was invincible, the final score being Mexia, 8, Waco 0.

Three of the visitors' runs, however, came when Anfield hit to Lewis with the count two and three and three on. It was an easy chance and would have been an easy out, but the runner in an endeavor to bother Lewis went a bit too far, knocking the glove of the Waco shortstop aside, and should have been ruled out. The three scores which came in on the play, however, would not have changed the result of the game although two more followed in the same round. The port-side offerings of Jeffries were an enigma to the Waco batsmen.

Big Day for Jeffries.
It was a splendid pitcher's duel after the third. Jeffries had the locals in the hollow of his hand throughout, allowing only three hits, one of which was a double by McIver. Only on one occasion during the game did the Wacoans reach first. It was a big day for Jeffries. Not only did he wield the calcimine brush in splendid fashion but in that wild third he cracked out a double and a single, his single bouncing off left-field boards and scoring two men. Geppert also starred again at short.

Out in center field Bryan accepted eight chances in flawless fashion—a highly consistent player is this star who suffered a broken leg in the campaign last year. Manager Fowlkes of the visitors who hit two doubles Wednesday lined out a homer in the third with one on. After that third stanza each team obtained two hits, the Waco blows coming in the fifth, but the necessary hit was not forthcoming.

Sportlights

By BAB
So far as the winning of games is concerned the last jaunt of the Gushers has been one of disappointment. This fact has provoked a great deal of adverse criticism from the pessimists with the result that a feeling of depression has settled over the sport-lovers here which they find hard to dispell. It's the bad breaks which makes the sport interesting. The team which wins easily and without seeming effort fails to arouse the enthusiasm that is aroused by one which has to fight like a rip on top and that doesn't do that always. Americans love a fight—an honest to goodness fair, square, sportsmanlike fight. They like to see hard opposition overcome by harder opposition and the fruits of victory tasted at a price. That's what puts the vim in life and its takes plenty of sheer grit and an expenditure of some hearty backing and encouragement when the tight places happen around to do it. It wasn't the sports who set back on their heels picking their teeth with a goose quill while they cursed and criticised that made an America out of a Valley Forge. It was the Washingtons that did it.

The best club is going to win. That's certain. And the best club is one that can depend on some airtight backing and some encouragement when they run up against a streak of bad luck, too. The players don't make the club altogether. A whole lot depends upon the guy who slips his six bits across the barrel head and roots for a couple of hours in the shade of the big grandstand while eighteen fellows sweat in the dust and heat for his amusement. He can make or mar the club just as he chooses. And he is the right sort of sport if he can condoned a victory while commending his club for the fight they made, the sort of sport that makes baseball the great American game that it is.

There are several Washingtons in Mexia. Otherwise it wouldn't be the city that it is. The spirit that built Mexia can put the Gushers at the top of the list, too. Any sort of fan can shout and kick up a lot of dust when things go right. But it takes more than a tin horn sport to make a winning club out of a losing one.

The Gushers are home today for a series of three games with the Austin Rangers.

The guy who bets against his home town is betting against his own ideals and his own interests. He ought to

have the backbone to move to a town that he can bet for. He isn't the kind, generally, that makes things go.

"Lefty" Jeffries, young lefthander who has been pursuing his studies lately at Westminster College at Tehuacana twirled a dandy good game for the Mexia Gushers Thursday afternoon against the Waco, Indians, shutting them out and allowing but three hits.

Old Red Hill, the sorrel topped right

MAYFIELD'S COMMITTEE
GETS DAY'S REST
WASHINGTON, May 15.—With the investigating committee in recess until tomorrow, opposing attorneys in the contest to unseat Senator Earle B. Mayfield of Texas, met by agreement today to examine the financial records of the Klan, which were submitted to committee. Counsel for George E. B. Peddy, who is contesting Mayfield's seat, charge that the Klan sent thousands of dollars to Texas to aid Mayfield.

handler for the Welfermen was touched for nine safeties which, coup, led with three errors by his team mates gave the Gushers eight counters. The Indians must have had a fit thrown into them by somebody and could not get their eyes on the ball both in the field and at the plate.

The Gushers worked nicely for Jeffries only making one bobble and that was not costly but it pulled down on their fielding average a bit.

Anfield, the new first sacker, will get the once over by the local fans today. Anfield, who joined the club Monday at Marlin, is still a little stiff but By Heck says that he looks real good to him. He fields his position nicely, and should hit the ball at a rather good clip. In the first game he hit a two base ply and a triple.

Slim Thomas Wins Sixth Game When Warlin Gets Austin

MEXIA, Texas, May 15.—Rawlin's hit, Alexander, in the ninth, gave Slim Thomas, who relieved York, his sixth straight victory of the season as the Bathers defeated Austin, 7 to 6. Munson, although up five times, was officially credited at bat only once, being hit twice and walking twice.

DOES NOT FEAR CURSE OF HOPE DIAMOND.

MRS. EDWARD B. McLEAN

This portrait of Mrs. Edward B. McLean, wife of the millionaire Washington, D. C. publisher, has just been completed by Lazio, world-famous artist. Mrs. McLean is shown wearing the famous Hope diamond, whose curse has visited every former owner, but from which she, apparently, is immune. Mrs. McLean was formerly Miss Evelyn Walsh, daughter of the copper king, and is one of the leaders of Washington society.

NIMRODS RETURN AFTER EVENTFUL FISHING TRIPS

Two parties of local fishermen have returned from expeditions that carried them into other parts of the State. Tom Nolan and David Murphy went the latter part of last week to Medina lake, near San Antonio, returning Wednesday. B. B. Simmons, B. W. Harris, Jess McLondon, V. B. Gardner, Jack Womack and A. B. Crider formed the other party. The latter went to points along the Colorado river near Lampasas, going just behind a heavy rain which made travel by auto difficult. Both parties return with the usual wonderful fish stories.

ROYSTER'S HOMER WINS ONE ARGUJO EVENS COUNT

Victoria Will Celebrate Her Centennial

VICTORIA, Texas, May 16.—Plans made by the Victoria fair association are going forward apace in preparation for the Victoria Centennial Exposition to be held here Oct. 29-30-31 and Nov. 1.

The race course, a half mile circular track, has just been completed and has been pronounced by a veteran of racing courses to be the best in the state.

Splendid rains in the Kosse section of Limestone County fell Wednesday increasing the prospects for good crops there and greatly encouraging the farmers. The rainfall was rather light in this part of the country.

Rough Dry

with the exception of the Dallas creek. Roads through the grounds have been completed and a systematic drainage system is nearing completion. Erection of buildings will start soon and will be completed well in advance of the opening date.

Brakes Relined By Machinery

Modern methods outclass the hammer and chisel and crude way of riveting linings to bands. Our methods employing the tubular rivet with each head countersunk to an evenness which only precision machinery can accomplish, together with the use of Raybestos lining of the proper size, will give you results such as you never have had. All you have to do is to take your bands off and bring them in and we furnish the rivets and put them on free of charge.

People Like Six Cylinders

Oldsmobile-Six offers you all the desirable qualities of a good Six, and at a price that seems impossible until you are reminded that Oldsmobile enjoys a big advantage over the average manufacturer—an advantage that results from the great purchasing power, engineering talent and manufacturing ability of General Motors working hand in hand with Oldsmobile.

With the Oldsmobile Six, you can enjoy six-cylinder superiorities and at a cost much less than that of the average good Four.

The G.M.A.C. extended payment plan makes buying easy. Prices f.o.b. Lansing. Tax and spare tire extra.

PRODUCT OF GENERAL MOTORS

Presbyterians Help Benevolent Causes

SAN ANTONIO.—The Presbyterian church contributed \$3,038,634 for benevolent causes the past year, according to a committeeman's report to the General Assembly of the Southern Presbyterian Church here. This is an increase of more than \$230,000 over the previous year. Approximately 350 commissioners from 15 states are attending the church convocation.

Protection Asked Against Delinquent Girls

AUSTIN.—Texas spends more money to protect property rights than to protect souls, Dr. Carrie Weaver Smith, superintendent of the State Girls' Training School at Gainesville, told the state board of control. She said that 600 boys were provided for in the State Juvenile Training School, while but 60 girls were being cared for at the state training school for girls. She demanded a legislative appropriation of \$210,000 for additional care of delinquent girls.

Five Mexicans Face Robbery Charge

DALLAS.—Five Mexicans are held in jails here charged with robbing and firing the home of Dr. E. T. Cox. Part of the loot was recovered.

Nightwatchman Killed at Lufkin

LUFKIN.—J. T. Howell, 75, night watchman, was run over and killed by a passenger train in the Houston East and West Texas yards here.

Representative Langley Is Seriously Ill

WASHINGTON.—Representative John W. Langley under sentence of two years in Atlanta Penitentiary for conspiracy to violate the liquor laws, is seriously ill here, threatened with a paralytic stroke.

Quinn Believes Bonus Bill Will Pass

INDIANAPOLIS, Ind.—John R. Quinn, national commander of the American legion, believes that Congress will pass the soldier bonus bill over the president's veto. "I regret that the president has seen fit to veto the adjusted compensation measure," Quinn said. "However, the ex-service men and women and their dependents look with confidence to both houses of Congress to enact this just measure into law."

World Good Will Day Proposed

AUSTIN.—Texas is being urged to celebrate May 18 as World Good Will Day, it being the anniversary of the first meeting of the Hague peace conference. S. M. N. Marrs, state superintendent of public instruction, has suggested that all public schools in the state hold exercises on Monday, May 19.

Texas Contractors Consider Combine

DALLAS.—Texas contractors in session here laid plans to eliminate cut-throat competition in the building trades and profit more from the admitted statewide building boom.

RURAL CARRIERS EXAMINATION

The United States Civil Service Commission has announced an examination to be held at Mexia, Texas, on June 14, 1936, to fill the position of rural carrier at Personville, and vacancies that may later occur on rural routes from that post office. The salary of a rural carrier on a standard daily wagon route of 24 miles is \$1,800 per annum, with an additional \$30 per mile per annum for each mile or major fraction thereof in excess of 24 miles. The salary on motor routes ranges from \$2,150-\$2,600 per annum according to length. Separate examination will be open only to citizens whose routes are no longer held. Appointments to both positions will be made from the same register. The examination will be open only to citizens who are actually domiciled in the territory of the Post Office where the vacancy exists and who meet the other requirements set forth in Form 1977. Both men and women, if qualified, may enter this examination, but appointing officers have the legal right to specify the sex desired in requesting certification of eligibles. Women will not be considered for rural carrier appointments unless they are the widows of U. S. soldiers, sailors, or marines, or the wives of U. S. soldiers, sailors, or marines who are physically disqualified for examination by reason of injuries received in the line of military duty. Form 1977 and application blanks may be obtained from the vacancy office mentioned above or from the United States Civil Service Commission at Washington, D. C. Applications should be forwarded to the Commission at Washington, D. C. at the earliest practicable date. At the examination applicants must furnish unmounted photographs of themselves taken within two years.

It has been estimated by an expert that electricity is doing the work of 170,000,000 men in the United States.

The reported discovery of valuable medicinal properties in watercress has led to its extensive cultivation in Germany.

The recital by pupils of Mrs. Roy Akin at the Methodist church promises to be largely attended tonight.

This Prescription For Kidneys

No Drugs—Just Roots and Herbs!

6 OUNCE BOTTLE, 75c.

Years ago Dr. Carey said, "When backache comes get after your kidneys—and don't waste any time."

"Right at the start, go to your druggist and ask for Dr. Carey's Marshroot Prescription No. 777; take it as directed until backache ceases and your eyes are clear and bright."

For more than 40 years Dr. Carey specialized in diseases of the kidney and bladder, and when, in the height of his remarkably busy life, he decided to dispense his most effective kidney and bladder prescription through the better druggists he helped thousands who could not afford to go to him for treatment.

Daniel G. Carey.

Thousands of unobservant people have kidney ailments and never know it until too late. High colored urine, getting up in the night, and puffy eyes tell the story.

If you even suspect—start today with Dr. Carey's Marshroot Prescription No. 777. It will drive the poisons from your kidneys and your druggist knows all about it.

Anderson & Horn dispense lots of it. It comes both in liquid and tablet form. It will help you as it has a host of others. If it should not, if you aren't glad in one week's time that you bought it, money gladly returned—and only 75c.—(Adv.)

Country Club Is Busy Spot These Days of Action

One of the busiest spots in East Central Texas these days is the country club grounds near here, according to the reports of members. The grounds are being beautified, a nine hole golf course laid out, new boats placed on the lake, and new fences erected around the more than 100 acres comprising the property. The grounds are two miles south of Mexia on what is known as the Shiloh road and with the improvements already showing up form one of the most attractive country clubs to be found anywhere in the state. A committee has been appointed to give further and immediate attention to the completion of the development program and also to secure plans for a \$50,000 club house to ornament and add to the services of the amusement center which is rapidly becoming the daily gathering point of nearly 100 members and their families.

A meeting was held in the Elks' home Wednesday afternoon, at which time the organization was prefected by which it is expected to have the old charter of the Mexia Gun and Fishing Club so amended as to provide an increase of capital stock from \$10,000 to \$50,000 and have the name changed to the Mexia Country Club.

Ninety-three members are already paying in their subscription for stock the par value of which is \$500. Ac-

Great Britain last year published more books than in any year since 1913, issuing 12,274, of which about 9,000 were new writings.

According to a decision reached Wednesday, the club membership is limited to 100 members.

The new directors chosen at the organization meeting are: R. B. Bass, John Sweatt, Sam Cox, J. K. Hughes, Julius Nussbaum, Ben Howard and J. Sanford Smith.

Ben Howard is president and Hamp Gibson, secretary.

The grounds committee is composed of Ben Howard, Roy Bass and Sam Cox.

ITCHING ECZEMA GOES QUICK WITH USE OF THIS

People who have endured torture from itching eczema will be happy to learn that a means of relief has been perfected and is already enjoying unheard of popularity on account of the quick way it gets rid of the awful disease of the skin which nobody seemed able to figure out before. It is called Black and White Ointment.

Most all dealers have Black and White Ointment, also Soap, on account of the tremendous demand which has already reached the rate of more than two million packages a year in its sales, because it relieves eczema so quickly.

They are economical, too. The big 50c package of Ointment contains three times as much as the liberal 25c size.—(Adv.)

Three Reasons Why--

Your table needs can best be supplied here. First, the quality of our Groceries—both the daily supply of Fresh Vegetables and Fruits as well as our complete line of Canned, Package and Bottled Goods, and Meats—is always such as will win your ready approval.

Secondly, our prices are always well within reason—oftentimes lower than you can find them elsewhere.

And third, it is our constant aim to render prompt and courteous service to every customer.

So we invite you to stop in and see for yourself.

A NEW USE FOR SEALING WAX

A very new idea which Maria Guy and Agnes are launching this summer, according to Henri Creange the Cheney fashion authority, is to trim hats with large seals. Maria Guy employs the ordinary red sealing wax, and uses grog grain ribbon placed one on top of the other. Fabric hats are very fashionable. They are made of alpaca, cote centaur, satin or crepe. The one at the left is made of black Microkrepe used on the shiny side.

THE COAT FREES THE DRESS FROM ITS LONG EMBRACE

The first flare of Spring is nothing to the first flare of the dresses that bloom therein. Released from the close embrace of the heavy fur wrap, or its sister, the long tight cloth coat of the past winter's mode, which allowed the concealed frock about as much liberty as a strait jacket, the spring dress has burst forth in a paean of praise and pleats.

In the pictured frock, just relayed from Paris by M. Henri Creange, the fashion authority, pleats are at the beginning and the end of the frock. More than that they are placed where they will do the most good. In it the lady with leanings towards post-trianism on May afternoons may stride to the full limit of her exuberance without fear of splitting a narrow silk skirt. And since the pleats merely form the border of the skirt they may fit down to rest without the pretension that the dress will have to go to the presser the next day.

Polka dot Cheney crepe, with the may red primed dots a little smaller than a dime in size makes the frock. The border, its half inch pleats very close together, ends about six inches above the knee. The rest of the dress is a mere straight sleeveless sheath bound at the hips by a very long sash of white crepe. The dress with its own private border of pleats to correspond with those on the dress. Since the material is white it is a good idea to snap the generous bow instead of making a fresh knot at each wearing. The same course should be followed in making the sashlike collar which finishes the neck and whose ends fall, one in front and one in back, over the left shoulder.

WANTED: 20 NEW PUPILS!

To take music through the summer in order to give ground work for school bands this fall. All instruments taught except piano. If interested in having your children obtain a musical education, enroll them for the summer term.

Information Gladly Given.

CITATION BY PUBLICATION

THE STATE OF TEXAS

To the Sheriff or any Constable of Limestone County—Greeting:

You are hereby commanded, that you summon, by making publication of this citation in some newspaper published in the County of Limestone if there be a newspaper published therein, but if not, then in any newspaper published in the Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest district to said Judicial District for four weeks previous to the return lay hereof, B. D. Flickinger whose residence is unknown, to be and appear before me, a Justice of the Peace in and for Limestone County, at a regular term of the Justice's Court for Precinct No. 4 of said County, to be begun and holden at my office in Mexia on the 10th day of June, 1924, at ten o'clock A. M., to answer the complaint of Rogers Mercantile Company in a certain suit therein pending, in which Rogers Mercantile Company is Plaintiff, and B. D. Flickinger is Defendant.

Filed on the 26th day of April, A. D. 1924, and numbered on the Docket of said Court No. 739, the nature of the Plaintiff's demand being in substance as follows: On July 14th, 1923, at the instance and request of Defendant the Plaintiff took defendant's note in the sum of \$44.50, due thirty days after date, said note providing for ten per cent attorney's fees if placed in the hands of an attorney for collection. Plaintiff says further that he placed the note in the hands of Keys & Mason, attorneys, for collection, agreeing to pay them the ten per cent attorney's fees provided for in the note, the same being reasonable attorney's fees; that the note is now past due and unpaid, and that Defendant, though often requested, has hitherto failed and refused, and still refuses, to pay the same or any part thereof, to Plaintiff's damage in the principal sum of \$44.50.

Wherefore Plaintiff prays that the Defendant be cited to appear and answer this suit; that he have judgment in the principal sum of \$44.50, interest, attorney's fees and costs of suit, and for such other and further relief, general and special, in law and in equity, to which he may be justly entitled.

Herein fail not, but have then and there before said Court, at said regular term, this Writ, with your return thereon, showing how you have executed the same.

Given under my hand, this 26th day of April, A. D., 1924.

O. KENNEDY,
Justice of the Peace,
Precinct No. 4 Limestone County, Texas.

Our Meat Department

Why endanger your health eating meats that may be from diseased cattle, meat that may have been covered with millions of filthy germ carrying flies—when you can buy meat that has passed the most rigid inspection both before and after being butchered. We sell only government inspected meats. Our refrigeration plant (the only one in Mexia of its kind) is the most modern made. Our market fixtures are snow white. These things should mean something to you—for your health's sake.

YOU ARE INVITED—

—to inspect our new modern mechanical refrigerating plant. The best method known for properly keeping fresh meats. We sell only government inspected meat—for your health's sake.

IT IS OUR BUSINESS—

—to get new bargains for you. Watch our price tags every day. They tell of wonderful savings.

WE GUARANTEE—

The quality, count, weight, measure or gauge of everything we sell—EVEN EGGS.
